**7 July 2026**

**Tekcapital Plc**
**("Tekcapital", the "Company" or the "Group")**
**Innovative Eyewear, Inc. Announces**
**345-Store Rollout with FYihealth Group**

Tekcapital Plc (AIM: TEK), the UK intellectual property investment group notes that its portfolio company Innovative Eyewear, Inc. ("Innovative Eyewear") (NASDAQ: LUCY; LUCYW), the manufacturer of smart eyewear under the Lucyd®, Lucyd Armor®, Reebok®, Eddie Bauer® and Nautica® brands, is pleased to announce a significant new retail launch with FYihealth group, operators of the FYidoctors optical chain, and other optical retail brands such as Visique, Solis Optics, and BonLook.

FYihealth group has recently launched Visiguard, which is their branded program for prescription safety eyewear. The program is available across all FYidoctors and Visique locations, predominantly in Canada and California. This represents a significant expansion of Innovative Eyewear's optical retail presence and is the first national launch of Lucyd products to Canada's 4.5bn optical market.

The partnership is centred on the 2026 rollout of Lucyd Armor® smart safety eyewear in 345 FYidoctors and Visique clinics. Initial product placement is expected to commence in Q3 2026.

"We are thrilled to be partnering with Innovative Eyewear to bring Lucyd Armor® smart safety eyewear to our customers across Canada," said Scott Shaw, VP of Retail and Merchandising at FYihealth group. "This collaboration is a meaningful step toward expanding our offering within our Visiguard safety program and making smart safety eyewear more accessible to Canadians. We look forward to offering our patients this innovative technology through our network of eye care professionals."

"We are very excited about the potential of this relationship to make smart safety eyewear more accessible and affordable across Canada," said Harrison Gross, CEO of Innovative Eyewear Inc.. "FYihealth group is an excellent partner for us, as bespoke eye care is an essential component of smartglass adoption by their most natural users- those who wear eyeglasses every day. Unlike many other smart accessories, smart eyewear is also a medical device that benefits significantly from the personalized touch of an eye care professional. With this partnership, we have made it easier than ever for Canadian patients to Upgrade Your Eyewear® with our incredible smart features, while also receiving precise vision correction and protection from FYihealth groups extensive Canadian lab capabilities."

**Forward-Looking Statements**

This press release contains certain forward-looking statements, including those relating to retail partners. Forward-looking statements are based on Innovative Eyewear's current expectations and assumptions. The Private Securities Litigation Reform Act of 1995 provides a safe-harbor for forward-looking statements. These statements may be identified by the use of forward-looking expressions, including, but not limited to, "anticipate," "believe," "continue," "estimate," "expect," "future," "intend," "may," "outlook," "plan," "potential," "predict," "project," "should," "will," "would" and similar expressions that predict or indicate future events or trends or that are not statements of historical matters, but the absence of these words does not mean that a statement is not forward-looking. Neither Tekcapital nor Innovative Eyewear Inc. undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise. Important factors that could cause actual results to differ materially from those in the forward-looking statements are set forth in Innovative Eyewear's filings with the Securities and Exchange Commission, including its annual report on Form 10-K under the caption "Risk Factors."
