Notes:

① Affected by factors such as the leading brand black goods business ceased to be included in the Company's consolidated statements due to the disposal of part of equity for attracting strategic investors, and the proactively disposal of the joint ventures with distribution business that is not in line with the business development direction, the operating revenue is approximately RMB0.85 billion. In consideration of the factors above, the accumulated income of the Company for the first three quarters increased by 20% on a year-on-year basis; and the income of sole third quarter of the Company achieved an increase of 50.1% on a year-on-year basis.

- ② As at 6 June 2016 (hereinafter referred to as the "Acquisition Date"), the Company merged the household appliances business of GE (hereinafter referred to as "GEA"). From the Acquisition Date to the end of September, the contribution of revenue by GEA amounted to RMB14.35 billion, and the contribution of net profit attributable to the parent company amounted to RMB317 million. From January to September 2016, operation of GEA maintains stable, with an increase in revenue of 2.9% on a year-on-year basis, and an increase in EBITDA of double—digit on a year-on-year basis. During the reporting period, the Company proactively promoted the implementation of the synergy project with GEA, and by virtue of this opportunity, initially setting up a collaboration platform for global purcurement, a collaboration platform for global R&D and global supply chain platform to improve the overall operational capability of the Company overseas, which is beneficial for expansion of income sources, saving costs and improving operating results.
- ③ During the reporting period, the Company continued to promote the transformation and upgrading of domestic retailing market and the in-depth layout of global market, and the effect of transformation and distribution revealed gradually; from July to September in 2016, the revenue of original white goods business of the Company has a year-on-year growth of approximately 10%; the gross margin of refrigerator, air conditioning, washing machine and kitchen products have different promotion in the first three quarters.
- ④ From January to September 2016, the sales volume of intelligent white goods of the Company amounted to 2.66 million units, and the number of U+app users reached 21 million; from January to September, the sales volume of customized products reached 732 thousand units, of which 330 thousand units were sold in the single third quarter; Xinchu Internet Refrigerator (馨厨互联网冰箱) has more than 40 resources service providers, and 650 thousand fans, with 45 times daily interaction per unit and active users amounts to nearly 85%.
