The SELLER shall give a notice to the Supervisor reasonably in advance of the date and place of such tests and inspections according to the SELLER's normal practice. Failure of

the Supervisor to be present at such tests and inspections after due notice to him as above provided shall be deemed to be a waiver of his right to be present. In such case, the Supervisor shall be obligated to accept the results of such test, on the basis of the SELLER's report(s) that the said results have conformed to the requirements of this CONTRACT and the Specifications, provided that such test and inspection shall be carried out with the attendance and/or approval of the Classification Surveyor as far as required by the Classification Society, and the SELLER shall be entitled to proceed with the construction of the VESSEL without further awaiting the particular inspection in question.

But the fees for the communication like telephone, facsimile, internet and etc. shall be borne by the SELLER. At all times, during the construction of the VESSEL until delivery thereof, the Supervisor shall be given free and ready access to the VESSEL, her engines and accessories, and to any other place where the work is being done, or the materials are being processed or stored, in connection with the construction of the VESSEL, including the yards, workshops, stores of the SELLER, and the premises of subcontractors of the SELLER, who are doing work, or storing materials in connection with the VESSEL's construction. The travel expenses for the said access to SELLER's subcontractors outside of Zhejiang province shall be at the BUYER's account. The transportation within Zhoushan shall be provided to the Supervisor by the SELLER.

The Supervisor shall observe the SELLER's safety rules and regulations during their stay in SELLER's working areas.

personal injuries, including death, were caused by gross negligence of the SELLER, or of any of the SELLER's employees or agents or subcontractors of the SELLER.

Nor shall the SELLER be under any liability whatsoever to the BUYER for damage to, or loss or destruction of property in China of the BUYER or of the Supervisor, or of the BUYER's employees or agents, unless such damage, loss or destruction was caused by gross negligence of the SELLER, or of any of the employees, or agents or subcontractors of the SELLER.

ARTICLE V - MODIFICATION, CHANGES AND EXTRAS

1. HOW EFFECTED

The Specifications and Plans in accordance with which the VESSEL is constructed, may be modified and/or changed at any time hereafter by written agreement of the parties hereto, provided that such modifications and/or changes or an accumulation thereof will not, in the SELLER's reasonable judgment, adversely affect the SELLER's other commitments and provided further that the BUYER shall assent to adjustment of the Contract Price, time of delivery of the VESSEL and other terms of this CONTRACT, if any, as hereinafter provided. Subject to the above, the SELLER hereby agree to exert their best efforts to accommodate such reasonable requests by the BUYER so that the said changes and/or modifications may be made at a reasonable cost and within the shortest period of time which is reasonable and possible. Any such agreement for modifications and/or changes shall include an agreement as to the increase or decrease, if any, in the Contract Price of the VESSEL together with an agreement as to any extension or reduction in the time of delivery, providing to the SELLER additional securities satisfactory to the SELLER, or any other alterations in this CONTRACT, or the Specifications occasioned by such modifications and/or changes. The aforementioned agreement to modify and/or to change the Specifications may be effected by an exchange of duly authenticated letters, or facsimile, or email, manifesting such agreement. The letters, facsimiles and email exchanged by the parties hereto pursuant to the foregoing shall constitute an amendment of the Specifications under which the VESSEL shall be built, and such letters, facsimiles and email shall be deemed to be incorporated into this CONTRACT and the Specifications by reference and made a part hereof. Upon consummation of the agreement to modify and/or to change the Specifications, the SELLER shall alter the construction of the VESSEL in accordance therewith, including any additions to, or deductions from, the work to be performed in connection with such construction. If due to whatever reasons, the parties hereto shall fail to agree on the adjustment of the Contract Price or extension of time of delivery or providing additional security to the SELLER or modification of any terms of this CONTRACT which are necessitated by such modifications and/or changes, then the SELLER shall have no obligation to comply with the BUYER's request for any modification and/or changes.

In the event that the SELLER proposes modifications and/or changes, the parties hereto shall reach agreement on the adjustment of the Contract Price of the VESSEL and/or extension or reduction in the time of delivery, if due to whatever reasons, the parties hereto shall fail to agree on the adjustment of the Contract Price or extension of time of delivery or providing additional security to the BUYER or modification of any terms of this CONTRACT which are necessitated by such modifications and/or changes, then the SELLER shall continue to construct according to the CONTRACT and the Specifications without making any modifications and/or changes.

- (1) If, after the date of signing this Contract, any requirements as to the rules and regulations as specified in this CONTRACT and the Specifications to which the construction of the VESSEL is required to conform, are altered or changed by the Classification Society or the other regulatory bodies authorized to make such alterations or changes, the SELLER and/or the BUYER, upon receipt of the notice thereof, shall transmit such information in full to each other in writing, whereupon within Twenty One (21) days after receipt of the said notice by the BUYER from the SELLER or vice versa, the BUYER shall instruct the SELLER in writing as to the alterations or changes, if any, to be made in the VESSEL which the BUYER, in its sole discretion, shall decide. The SELLER shall promptly comply with such alterations or changes, if any in the construction of the VESSEL, provided that the BUYER shall first agree:
- (a) as to any increase or decrease in the Contract Price of the VESSEL that is occasioned by the cost for such compliance; and/or
 - (b) as to any extension in the time for delivery of the VESSEL that is necessary due to such compliance; and/or
 - (c) as to any increase or decrease in the guaranteed deadweight and/or speed of the VESSEL, if such compliance results in increased or reduced deadweight and/or speed; and/or
 - (d) as to any other alterations in the terms of this CONTRACT or of Specifications or both, if such compliance makes such alterations of the terms necessary; and/or
 - (e) if the price is to be increased, then, in addition, as to providing to the SELLER additional securities satisfactory to the SELLER.

Agreement as to such alterations or changes under this Clause shall be made in the same manner as provided above for modifications and/or changes of the Specifications and/or Plans.

- (2) If, due to whatever reasons, the parties shall fail to agree on the adjustment of the Contract Price or extension of the time for delivery or increase or decrease of the guaranteed speed and/or deadweight or any alternation of the terms of this CONTRACT, if any, then the SELLER shall be entitled to proceed with the construction of the VESSEL in accordance with, and the BUYER shall continue to be bound by the terms of this CONTRACT and Specifications without making any such alterations or changes.

If the alterations or changes are compulsorily required to be made by Classification Society or IMO or Flag authority's rules, then, notwithstanding any dispute between the parties relating to the adjustment of the Contract Price or extension of the time for delivery or decrease of the guaranteed speed and deadweight or any other respect, the SELLER shall promptly comply with such alterations or changes. The BUYER shall, in any event, bear the costs and expenses for such alterations or changes (with, in the absence of mutual agreement, the amount thereof and/or any other discrepancy such as but not limited to the extension of Delivery Date, etc. to be determined by arbitration in accordance with Article XIII of this CONTRACT).

3. SUBSTITUTION OF MATERIALS AND/OR EQUIPMENT

In the event that any of the materials and/or equipment required by the Specifications or otherwise under this CONTRACT for the construction of the VESSEL cannot be procured in time to effect delivery of the VESSEL, the SELLER may, provided the SELLER shall provide adequate evidence and the BUYER so agrees in writing, supply other materials and/or equipment of the equivalent quality, capable of meeting the requirements of the Classification Society and of the rules, regulations, requirements and recommendations with which the construction of the VESSEL must comply.

The BUYER, if so requested by the SELLER, shall, without any charge to the SELLER, cause the representatives of the manufacturers of the BUYER's Supplies to assist the SELLER in installation thereof in or on the VESSEL and/or to carry out installation thereof by themselves or to make necessary adjustments thereof at the SELLER's Shipyard.

Any and all of the BUYER's Supplies shall be subject to the SELLER's reasonable right of rejection, as and if they are found to be unsuitable or in improper condition for installation. However, if so requested by the BUYER, the SELLER shall repair or adjust the BUYER's Supplies without prejudice to the SELLER's other rights hereunder and without being responsible for any consequences therefrom. In such case, the BUYER shall reimburse the

SELLER for all reasonable costs and expenses incurred by the SELLER in such repair or adjustment and the Delivery Date shall be postponed for a period of time necessary for such repair or replacement, if the SELLER requests.

Should the BUYER fail to deliver to the SELLER such items within the time specified, the delivery of the VESSEL shall automatically be extended for a period of such delay, provided such delay in delivery of the BUYER's supplied items shall affect the delivery of the VESSEL. In such event, the BUYER shall pay to the SELLER all losses and damages sustained by the SELLER due to such delay in the delivery of the BUYER's supplied items and such payment shall be made upon delivery of the VESSEL.

Furthermore, if the delay in delivery of the BUYER's supplied items should exceed seven (7) days, the SELLER shall be entitled to proceed with construction of the VESSEL without installation of such items in or onto the VESSEL, without prejudice to the SELLER's right hereinabove provided, and the BUYER shall accept the VESSEL so completed.
