About Kooth plc:

Kooth (AIM:KOO) is the UK's leading digital mental health platform. Our mission is to provide accessible and safe spaces for everyone to achieve better mental health. Our platform is clinically robust and accredited to provide a range of therapeutic support and interventions. All our services are predicated on easy access to make early intervention and prevention a reality.

Our three services are:

- Kooth: for children and young persons
- Kooth: for adults
- Kooth Work: for frontline employees

Kooth is a fully safeguarded and pre-moderated community with a library of peer and professional created content, alongside access to experienced online counsellors. There are no thresholds for support and no waiting lists. Currently, Kooth sees over 4,000 logins a day.

For adults, Kooth operates across distinct locations and serves specific cohorts, including parents, teachers, victims of crime, and those who have suffered from or continue to experience domestic violence. It is also offered as a benefit by a number of corporate organisations delivering anonymous digital mental health

support services to employees.

Kooth is the only digital mental health provider to hold a UK-wide accreditation from the British Association of Counselling and Psychotherapy (BACP).

In 2021, Kooth was named 'Best Newcomer' at the European Mediscience Awards, winner in the category of 'Tech for Good' at the UK Tech Awards and recognised as the 'HealthTech Pioneer of the Year' at the UK Business Tech Awards for its role in 'Supporting the Nation's Mental Health'.
