About Hercules Site Services plc

Hercules is a leading tech enabled labour supply company for the UK infrastructure sector. Founded in 2008, Hercules has an established track record of profitability and fast-growth and has built a blue-chip customer base which includes Balfour Beatty, Costain, Kier, Skanska, Dyer & Butler and Volker Fitzpatrick. The Company has been appointed to provide labour for a range of high-profile infrastructure projects, such as HS2, due to its agile, innovative, digital first approach and complete service offering.

It has a competitive advantage in a market which is experiencing a huge labour deficit on the back of Britain's exit from the EU and Covid-19. It is well-placed to benefit from any government increase in infrastructure spending and its experienced management team has identified multiple opportunities for growth.
