15 February 2023

Hydrogen Utopia International PLC

(the "Company" or "HUI")

Cessation of trading on AQSE

Hydrogen Utopia International PLC, a company specialising in turning non-recyclable mixed waste plastic into hydrogen and other carbon-free fuels, new materials or distributed renewable heat, announces that trading in its ordinary shares ("Ordinary Shares") on the AQSE Main Market ("AQSE") ceased at 4:30 p.m. yesterday, 14 February 2023.

Trading in the Ordinary Shares will continue on the London Stock Exchange, the Open Market of the Frankfurt Stock Exchange and the OTCQB.

Shareholders do not need to take any action in relation to their shareholdings - trading will continue on the above markets automatically.

The Directors of the Company accept responsibility for the content of this announcement.

About Hydrogen Utopia International PLC

HUI aims to become one of the leading new European companies specialising in turning non-recyclable mixed waste plastic into hydrogen and other carbon-free fuels, new materials or distributed renewable heat.

A HUI facility uses non-recyclable mixed waste plastic as feedstock and turns it into syngas from which new products and energy can be produced. HUI anticipates that its revenues will be derived from a variety of sources, dependent upon location and configuration of the HUI facilities, including the sale of syngas, hydrogen and other gases, electricity and heat sales, and the payment to it of fees for a given quantity of non-recyclable mixed waste plastic received at a HUI facility.

HUI will target areas where there is significant private sector interest or potential, financial backing is accessible and/or where substantial EU and/or government funded sources of grants and loans are or may be available. The global increase in fossil fuel-based energy prices reinforces the need for alternative, price competitive energy sources, which HUI's business model can provide.

Reach is a non-regulatory news service. By using this service an issuer is confirming that the information contained within this announcement is of a non-regulatory nature. Reach announcements are identified with an orange label and the word "Reach" in the source column of the News Explorer pages of London Stock Exchange's website so that they are distinguished from the RNS UK regulatory service. Other vendors subscribing for Reach press releases may use a different method to distinguish Reach announcements from UK regulatory news.
