About Image Scan Holdings plc

The core activity of the Group is the manufacture of portable X-ray systems for security and counter terrorism applications. The Group recently launched a cabinet X-ray machine. The products are taken to market across the world through a strong network of international partners.

Over the last fifteen years, Image Scan has developed and manufactured industrial X-ray inspection systems, the MDXi range. The primary market for these systems is automotive emissions control where they are instrumental in quality control inspection of catalytic converters and diesel particulate filters.

The visibility and reach of the company's 3DX-Ray brand has been further strengthened through a new LinkedIn profile focussed on its EOD and counter-terrorism activities. This can be found at: <https://www.linkedin.com/company/3dx-ray/>
