**Notes:**

Keras Resources (AIM: KRS) wholly owns the Diamond Creek organic phosphate mine in Utah, US. Diamond Creek is one of the highest-grade organic phosphate deposits in the US and is a fully integrated mine to market operation with in-house processing facilities. The operation produces a variety of organic phosphate products that can be tailored to customer requirements for fertiliser.

The Company is focused on continuing to build market share in the fast-growing US organic fertiliser market and build Diamond Creek into the premier organic phosphate producer in the US.

Additionally, Keras holds an 85% interest in the Nayéga manganese project in Togo, which hosts an 8.4 million tonne manganese oxide Ore Reserve in northern Togo, held through Togolese subsidiary Société Générale des Mines SA (SGM).
