About Elixir International plc

Elixir is an established global award-winning management consultancy, challenging the larger consultancies by delivering innovative and bespoke solutions to a repeat, globally-recognised client base.

Elixir was founded in 2009, by Stephen Newton, Graham Busby, Ian Ferguson, Andy Curtis and Mark Goodyear, experienced business advisors who identified a market opportunity to provide bespoke, personal services as a 'challenger' to the traditional consultancy businesses in the market. Elixir guides its clients to overcome challenges such as: future-proofing against technological disruption; development and roll-out of new propositions, products and services; incubating new businesses; navigating a more complex and multinational regulatory environment; and project management and implementation of major change programmes.
