About Kooth plc:

Kooth's (AIM: KOO) mission is to make effective, personalised mental health care accessible to everyone.

Our integrated digital mental health platform creates a welcoming, stigma-free space for both children and adults. Individuals have rapid access to support through self-help resources, peer-support communities, and 1:1 professional help, all without barriers or waiting lists.

We partner with governments, healthcare providers, insurers and employers to deliver population-wide services to tackle mental health issues before things deteriorate, reducing the demand for downstream expensive mental health treatments.

Established in 2001, Kooth has supported over one million individuals both in the UK and the US (where Kooth is expanding rapidly to address the youth mental health crisis).
