ARCONTECH GROUP PLC

("Arcontech" or the "Company")

Appointment of consultant in Singapore

Arcontech Group Plc (LSE: ARC), a global provider of financial market-data infrastructure and display solutions, is pleased to announce the appointment of Stuart Roberts, owner of Sprada Pte Ltd, in a consulting capacity for Singapore with immediate effect.

In this role, Stuart will identify and represent Arcontech to prospective clients whilst also serving as a local point of contact in Singapore. Given his depth of knowledge Stuart will also work with Arcontech to develop its offerings and identify new product opportunities.

Matthew Jeffs, CEO of Arcontech commented: "Stuart brings a broad and deep range of current and historical industry knowledge, all of which is critical to properly meet existing and prospective customer needs. Having spent the majority of his career as a market-data consumer, Stuart's knowledge of our domain is second to none. I'm very much looking forward to Stuart helping to expand our presence in Singapore".

Stuart Roberts commented: "I'm excited to represent Arcontech in Singapore, where their products can provide clients with a great deal of added value and flexibility whilst also securing significant cost savings. Arcontech's products are well proven and highly regarded in multiple global Tier 1 institutions and I look forward to helping make the same benefits available to the Singaporean financial community".

About Arcontech

Arcontech Group Plc (LSE: ARC) is the leading independent provider of financial market-data infrastructure and display solutions. With multi-source data collection, value added processing, publishing, distribution and display, Arcontech provides a highly performant, cost effective and flexible alternative to traditional market data infrastructure or building it in-house.

Solutions can be "off-the-shelf", customised or completely new developments; Cloud, On-prem or Hybrid. Our deep domain knowledge and automated test suite ensure the right solution at the right time at the right price.

We are also Bloomberg, Refinitiv and Symphony development partners underlining our independence and ability to deliver viable, value added, vendor agnostic solutions to meet financial institutions real-time market data workflow needs.

Our clients include Global Tier 1 and Tier 2 financial market participants along with key market regulators.
