About Inspec Group plc

INSPECS is a Bath-based designer, manufacturer and distributor of eyewear frames and optically advanced spectacle lenses. The Group produces a broad range of frames and lenses, covering optical, sunglasses and safety, which are either "Branded" (either under licence or under the Group's own proprietary brands), or "OEM" (including private label on behalf of retail customers, as well as unbranded).

INSPECS aims to be the leader in eyewear solutions through its vertically-integrated business model and has adopted a three-pillar growth strategy to achieve this: (i) continue to grow organically; (ii) undertake further acquisitions (and drive value through leveraging the Group's internal capabilities); and (iii) extend the Group's manufacturing capacity.

INSPECS customers include global optical and non-optical retailers, global distributors and independent opticians, with its distribution network covering over 80 countries and reaching approximately 75,000 points of sale.

INSPECS has operations across the globe: with offices and subsidiaries in the UK, Germany, Portugal, Scandinavia, the US and China (including Hong Kong, Macau and Shenzhen), and manufacturing facilities in Vietnam, China, the UK and Italy.
