NOTES:

The Company invests in primarily newly developed social housing assets in the UK, with a particular focus on supported housing. The majority of the assets within the portfolio are subject to inflation-linked, long-term, Fully Repairing and Insuring ("FRI") leases with Approved Providers (being Housing Associations, Local Authorities or other

regulating and financing (i.e. / receive direct payment from local government). The portfolio comprises investments into properties which are already subject to a lease with an Approved Provider, as well as forward funding of pre-let developments but does not include any direct development or speculative development.

There is increasing political pressure and social need to increase housing supply across the UK which is creating opportunities for private sector investors to help deliver this housing. The Group's ability to provide forward funding for new developments not only enables the Company to secure fit for purpose, modern assets for its portfolio but also addresses the chronic undersupply of suitable supported housing properties in the UK at sustainable rents as well as delivering returns to investors.

The Company is a UK Real Estate Investment Trust ("REIT") listed on the premium segment of the Official List of the UK Financial Conduct Authority and is a constituent of the FTSE EPRA/NAREIT index.
