About ActiveOps

ActiveOps is a leader in Management Process Automation (MPA), providing a SaaS platform to large enterprises with complex and often global back-offices. The Group's software and embedded back-office operations management methodology enables enterprises to adopt a data-driven, scientific approach to organising work and managing capacity.

The Group's enterprise platform comprises its MPA software products and AOM, the Group's operations methodology and framework for effective back-office management. Together, this combination of software and embedded methodology enables operations managers to balance the competing priorities of meeting service and quality standards while improving productivity and reducing cost.

The Group has 179 employees, serving its global customer base of over 80 enterprise customers from offices in the UK, Ireland, USA, Australia, India and South Africa. The Group's customers are predominantly in the banking, insurance and business process outsourcing (BPO) sectors, including Nationwide, TD Bank, Anthem Inc and DXC Technology.
