RNS Number: 9836M GRIT Investment Trust PLC 19 September 2023

GRIT Investment Trust plc

'GRIT' or 'the Company'

Half-year results for the six months ended 30 June 2023

Chairman's statement

The last six months have seen a continued increase in interest rates and high inflation in the UK. The economic uncertainties in global capital markets largely associated with the Russia-Ukraine conflict, have continued. However, this challenging economic background has presented a number of opportunities to the Company's board in its pursuit of a suitable reverse takeover target.

Set out below is the interim statement covering the six months ended 30 June 2023. A loss of £83,000 is being reported for the six months ended 30 June 2023 compared to a loss of £89,000 for the six months ended 30 June 2022. The board continues to manage costs carefully in an effort to preserve shareholder value.

Salient events

Completion of Creditors Voluntary Arrangement

In May 2023 the Company announced that the Creditors Voluntary Arrangement ("CVA") was successfully completed following the approval of the Company's variation to creditors to bring the CVA to an early conclusion. The CVA creditors received a total of 83.06p in the £1, which compared favourably to the 20p in the £1 in the original CVA proposal. The completion of the CVA is an important step forward for the Company which can now plan a future free of its historical debts.

Share Capital Reorganisation and Conversion of the outstanding CULNs

A share capital reorganisation was approved at the Company's AGM in June resulting in each existing ordinary share of 2.5p be sub-divided into one ordinary share of 0.1p and one deferred share of 2.4p. Resolutions were also passed at the AGM to enable the Company to issue 11,472,175 New Ordinary Shares in connection with the conversion of the outstanding CULN's and issue up to an additional 120,000,000 New Ordinary Shares for cash.

Strategy of the new Board

Whilst the Company is still an Investment Trust, it continues to seek to acquire a business which would result in a Reverse Takeover. This will enable the Company to achieve an appropriate listing on a public market and it is envisaged that the announcement of any such proposed transaction would result in the suspension of the Company's shares from trading on the Official List. If an RTO transaction can be achieved the Board believes it will provide a platform for the future growth of the Company and a positive outcome for shareholders.
