Lithium Samples- Zimbabwe

20 September 2023

Red Rock Resources Plc, the natural resource exploration and development company with interests in gold, copper, cobalt, lithium and other minerals, announces an update to the announcement of 18 August in relation to the Company's operations, through its subsidiary African Lithium Resources (Pvt) Ltd ("**ALR**"), in Zimbabwe.

Three samples of approximately 2 kg each from the pegmatite at the first permitted area were sent for testing at Performance Laboratories, an ISO-accredited laboratory in Harare, Zimbabwe offering analytical and assay services to the mining industry. A further sample (No 2) was taken near the pegmatite.

Results have now been received and sent for review by potential overseas customers.

Sample number	Lithium content (%)	Li2O content (%)
1	2.04	4.36
2	0.19	0.40
3	2.03	4.35
4	1.15	2.46

Red Rock Chairman Andrew Bell comments: "These high grade Lithium Oxide results show the potential that exists, and we continue discussions with potential customers and contractors. Further news will be released as it becomes available."
