Deltic Energy Plc / Index: AIM / Epic: DELT / Sector: Natural Resources

3 January 2024

Deltic Energy Plc ("Deltic" or the "Company")
Deltic has Carbon Neutral Status Certified

Deltic Energy Plc, the AIM-quoted natural resources investing company with a high impact exploration, appraisal and development portfolio focused on the Southern North Sea, is delighted to announce that the Company has been certified as a Carbon Neutral Business by Carbon Neutral Britain Ltd.

Deltic's Scope 1, Scope 2 and Scope 3 emissions were assessed for the 12-month period ending 31st October 2023 by Carbon Neutral Britain Ltd and 100 per cent of corporate emissions have been offset through independently verified carbon offsetting projects. The carbon neutral certification will require renewal on an annual basis.

Graham Swindells, Chief Executive of Deltic Energy, commented:

"Deltic takes its obligations to the environment and the North Sea Transition Deal seriously, and this independent audit of our corporate greenhouse gas emissions footprint and Carbon Neutral Certification is an important step in that process. We've chosen to offset our emissions through Carbon Neutral Britain's Climate FundTM, which supports a range of global projects which have benefits above and beyond simple carbon offsetting. We will continue to monitor and, where possible, look to reduce our corporate footprint as we continue to move the business forward."
