HMRC Press Release Regarding National Minimum Wage

Staffline, the recruitment and training group, notes a recent update issued by the Department for Business and Trade concerning minimum wage compliance.

Staffline was made aware that it would be included in a Department for Business and Trade announcement relating to a historic breach of national minimum wage compliance, which was disclosed by Staffline in 2019.

This press release references the period 2013 to 2018 and management would like to clarify that remedial actions were taken from 2019 and formally concluded with HMRC to their complete satisfaction, with Staffline now fully compliant.

Staffline regards its worker welfare and regulatory compliance of paramount importance, having created a strong governance platform that ensures compliance on all regulatory matters, especially national minimum wage compliance.
