About the Company

Taylor Maritime Investments Limited is an internally managed investment company listed on the Premium Segment of the Official List, its shares trading on the Main Market of the London Stock Exchange since May 2021. The Company specializes in the acquisition and chartering of vessels in the Handysize and Supra/Ultramax bulk carrier segments of the global shipping sector. The Company invests in a diversified portfolio of vessels which are primarily second-hand. TMI's fleet portfolio currently numbers 19 vessels in the geared dry bulk segment. The ships are employed utilising a variety of employment/charter strategies.

On 20 December 2022, the Company announced it acquired a controlling majority interest in Grindrod Shipping Holdings Ltd ("Grindrod") (NASDAQ:GRIN, JSE:GSH), a Singapore incorporated, dual listed company on NASDAQ and the Johannesburg Stock Exchange. Grindrod has an owned fleet of 17 dry bulk vessels complementary to the Company's fleet excluding vessels held for sale. They are Japanese built, including 10 Handysize vessels and 7 Supra/Ultramax vessels. Grindrod has seven vessels in its chartered in fleet with purchase options on three.

The combined TMI and Grindrod fleet numbers 39 vessels (including chartered in vessels with purchase options and excluding vessels held for sale).

The Company's target dividend policy is 8 cents p.a. paid on a quarterly basis, with a targeted total NAV return of 10-12% per annum over the medium to long-term.

The Company has the benefit of an experienced Executive Team led by Edward Buttery and who previously worked closely together at Taylor Maritime. Taylor Maritime was established in 2014 as a privately owned ship-owning and management business with a seasoned team including the founders of dry bulk shipping company Pacific Basin Shipping (listed in Hong Kong 2343.HK) and gas shipping company BW Epic Kosan (formerly Epic Shipping) (listed in Oslo BWEK:NO). The commercial and technical management arms of Taylor Maritime were acquired by Grindrod in October 2023.

About Geared Vessels

Geared vessels are characterised by their own loading equipment. The Handysize and Supra/Ultramax market segments are particularly attractive, given the flexibility, versatility and port accessibility of these vessels which carry necessity goods - principally food and products related to infrastructure building - ensuring broad diversification of fleet activity and stability of earnings through the cycle.
