

LEI: 549300Q7EXQQH6KF7Z84

19 March 2024

RTW Biotech Opportunities Ltd
(the "Company")

Transaction in Own Shares

The Company announces that on 18 March 2024 it bought back 250,000 of its own shares, to be held as treasury shares, at an average price \$1.315 per share.

Further details are set out below:

Number of shares held as treasury shares following this purchase: 6,553,791

Total shares in issue excluding treasury shares following this purchase: 387,736,512**

The Company has bought back these shares under the authority granted by shareholders at its Annual General Meeting in June 2023, which permits the Company to repurchase a maximum of 14.99% of its ordinary shares. The actual number of shares repurchased by the Company will depend on market conditions. This authority lasts until the next shareholder authority granted (expected to be at the Annual General Meeting in 2024), or until expressly revoked by shareholders.

The above figure of 387,736,512 may be used by shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the Company under the FCA's Disclosure and Transparency Rules.

No maximum consideration payable has been determined by the Company, but the Company is unable to pay a price for any shares pursuant to the buyback which would equate to a premium to the net asset value. It is the Company's current intention to hold any shares bought back in treasury.

The Company has instructed Numis Securities Limited as its broker in respect of its buyback transactions. This arrangement is in accordance with the UKLA Listing Rules and the Company's general authority to repurchase shares.

**As per the "Completion of Acquisition" announcement published on 13 February 2024, the denominator used for the NAV per share calculation will exclude the 48,322,863 New RTW Bio Shares issued to RTW Biotech Opportunities Operating Ltd in respect of its shareholding in Arix held by the Company.
