About Pollen Street

Pollen Street is an alternative asset manager dedicated to investing with the financial and business services sectors across both private equity and private credit strategies. The business was founded in 2013 and has consistently delivered top tier returns alongside growing AuM.

The Pollen Street group benefits from a complementary set of asset management activities focused on managing third-party AuM (the "Asset Manager") together with on-balance sheet investments (the "Investment Company").

The Asset Manager raises capital from top tier investors and deploys it into its private equity and private credit strategies.

The Investment Company invests in strategies aligned with core strategies of the group and today the investment portfolio is aligned with the private credit strategy. The portfolio is a well-diversified pool of primarily senior credit assets to high quality borrowers generating strong returns together with capital preservation. The portfolio consists of both direct investments and investments in funds managed by Pollen Street.
