VANCOUVER, BC, April 8, 2024 -- Taseko Mines Limited (TSX: TKO) (NYSE American: TGB) (LSE: TKO) ("Taseko") today announced that it has commenced an offering of US\$500 million of Senior Secured Notes due 2030 (the "Notes"). The aggregate principal amount, interest rate and other terms of the Notes will be determined at pricing and are dependent upon market conditions and other factors. Taseko intends to use the net proceeds from this offering, together with cash on hand, to redeem its outstanding 7.00% Senior Secured Notes due 2026 (the "Existing Notes"), to make capital expenditures, including at its Florence Copper project and Gibraltar mine, as working capital and for general corporate purposes and to pay fees and expenses in connection with this offering. The Notes will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or the securities laws of any other jurisdiction. The Notes will not be qualified by a prospectus in Canada. Unless they are registered or qualified by a prospectus, the Notes may be offered and sold only in transactions that are exempt from registration requirements and from prospectus qualification under Canadian securities laws. In the United States, the Notes will be offered and sold only to persons reasonably believed to be "qualified institutional buyers" (as defined in Rule 144A under the Securities Act) and outside the United States, to non-U.S. persons in compliance with Regulation S under the Securities Act. This press release is neither an offer to sell nor the solicitation of an offer to buy the Notes, the Existing Notes or any other securities and shall not constitute an offer to sell or solicitation of an offer to buy, or a sale of, the Notes, the Existing Notes or any other securities in any jurisdiction in which such offer, solicitation or sale is unlawful. This press release does not constitute a notice of redemption with respect to the Existing Notes.
