INTERCEDE GROUP plc
('Intercede', the 'Company' or the 'Group')

Capital Markets Day

Intercede, the leading cybersecurity software company specialising in digital identities will host a Capital Markets Day (CMD) on Thursday 23rd May 2024.

Intercede's CEO, Klaas van der Leest, and CFO, Nitil Patel, together with senior members of the management team will showcase the Company's world class technology and blue-chip customer base.

The event will include customer case studies combined with demonstrations of the Company's MyID products offering supported with insights from customers/partners.

In person attendance at the CMD is for institutional investors, wealth managers and analysts only. The CMD will be hosted by Cavendish at its offices at 1 Bartholomew Close, London EC1A 7BL. Places are limited so if you would like to attend in-person please contact IR@cavendish.com

Presentations will start at 2.30pm and run until 5.30pm with an opportunity for Q&A over refreshments afterwards. A copy of the presentation will be available on Intercede's website after the event.

A live streamed webinar of the CMD is available to all investors. Online attendees can register using the link below:

About Intercede

Intercede is a cybersecurity software company specialising in digital identities, and its innovative solutions enable organisations to protect themselves against the number one cause of data breach: compromised user credentials.

The Intercede suite of products allows customers to choose the level of security that best fits their needs, from Secure Registration and ID Verification to Password Security Management, One-Time Passwords, FIDO and PKI. Uniquely, Intercede provides the entire set of authentication options from Passwords to PKI, supporting customers on their journey to passwordless and stronger authentication environments. In addition to developing and supporting Intercede software, the Group offers professional services and custom development capabilities as well as managing the world's largest password breach database.

For over 20 years, global customers in government, aerospace and defence, financial services, healthcare, telecommunications, cloud services and information technology have trusted Intercede solutions and expertise in protecting their mission critical data and systems at the highest level of assurance.
