On the release of the Annual Report and Accounts, Alex Ohlsson, Chairman of GABI, commented:

"Against a wider market background of economic uncertainty and volatility, the Company continues to offer investors

Against a most market background of economic uncertainty and volatility, the Company continues to offer investors exposure to a diversified portfolio of secured loans. At the year end of 31 December 2023, the Group held 42 loans with a fair valuation of £362.8 million and principal balance of £374.6 million invested across the property, social infrastructure, energy and asset finance sectors."

The ordinary shares will go ex-dividend on 2 May 2024 and the dividend will be paid on 4 June 2024 to holders of ordinary shares recorded on the register at the close of business on 3 May 2024.

On 8 February 2024, the Board declared a quarterly dividend in respect of the period from 1 October 2023 to 31 December 2023 of 1.58125p per share, which was paid on 15 March 2024. Aggregate dividend payments over the last 12-months represent a 9.3% yield on the Company's closing share price at 23 April 2024.

Change to AGM and EGM date

The Board informs shareholders that the previously announced date of the 2024 annual general meeting ("2024 AGM") and the 2024 extraordinary general meeting ("2024 EGM") to be held immediately after the 2024 AGM has changed to 20 May 2024. Notices convening the 2024 AGM and the 2024 EGM will be published by the Company on or around 2 May 2024.

Proposed Orderly Realisation

As a result of the Company's Strategic Review, which included a period of extensive engagement with shareholders representing a majority of the total voting rights in the Company, the Board announced on 14 March 2024 that it had concluded that shareholder value will be best served by a proposed managed-wind down of the Company with an orderly realisation of the Company's assets and returns of capital over time (the "Orderly Realisation").

At the 2024 AGM, shareholders will be given the opportunity to vote on the discontinuation of the Company which will be presented as an ordinary resolution requiring the majority of those voting to vote in favour of discontinuation in order for the resolution to pass (the "Discontinuation Vote"). The Board has recommended that shareholders vote for discontinuation of the Company in its present form at the 2024 AGM.

In addition, subject to the approval by shareholders of the Discontinuation Vote, the Board intends to convene an EGM to be held immediately after the 2024 AGM at which it will seek shareholder approval for certain resolutions required to facilitate the Orderly Realisation (the "Proposals").

Subject to the Proposals being approved by shareholders, it is the Board's expectation that the Company will make a capital distribution of at least £55.0 million as soon as is reasonably practicable following the conclusion of the 2024 EGM. The Board will also seek to expedite capital distributions when practicable thereafter.

The Orderly Realisation will not result in a liquidation of the Company in the immediate future and the Board will seek to implement the Orderly Realisation in a manner that maximises value for shareholders.

Amounts realised are expected to come from contractual repayments by borrowers to the Company as loans mature in accordance with their contractual terms, and from the disposal of portfolio assets, including longer-dated loans.

Should the Proposals be approved by shareholders, it is the Board's intention to maintain the Company's existing level of dividend of 6.235 pence per annum whilst the Company remains substantially invested, for as long as practicable. This is a target only and does not constitute a profit forecast.

The EGM Circular being published on or around 2 May 2024 will contain further information, including an updated portfolio repayment profile at 31 March 2024.

Alex Ohlsson, Chairman of the Company, further commented:

"The Board would like to thank shareholders for the constructive feedback provided as part of the shareholder engagement process. The feedback has been invaluable in informing the Board's decision-making process and in formulating proposals for an Orderly Realisation of the Company."
