**About Pollen Street**

Pollen Street is an alternative asset manager dedicated to investing within the financial and business services sectors across both Private Equity and Private Credit strategies. The business was founded in 2013 and has consistently delivered top tier returns alongside growing AuM.

Pollen Street benefits from a complementary set of asset management activities focused on managing third-party AuM (the "Asset Manager") together with on-balance sheet investments (the "Investment Company").

The Asset Manager raises capital from high quality investors and deploys it into its Private Equity and Private Credit strategies. The strong recurring revenues from this business enable delivery of scalable growth.

The Investment Company invests in the strategies of the Group delivering attractive risk adjusted returns and accelerating growth in third-party AuM of the Asset Manager through helping to scale existing funds and seed new strategies. Today the portfolio is a well-diversified pool of primarily senior asset-backed Credit Assets generating strong returns at conservative loan to value ratios ("LTVs"). The portfolio consists of both direct investments and investments in funds managed by Pollen Street.
