Operation of scrip dividend scheme

The Board of Good Energy recommended a final dividend of 2.25p per ordinary share for the financial period to 31 December 2023, as set out in the Company's preliminary financial results on 26 March 2024. The dividend is payable on 11 July 2024 to shareholders whose names are on the register at close of business on 7 June 2024. The shares will trade ex-dividend from 6 June 2024.

The Board has decided to continue to offer shareholders the opportunity to receive dividends in the form of new shares in the Company as an alternative to a cash dividend payment.

Documentation setting out full details of the scrip dividend scheme has been sent to all shareholders today and can be viewed on the website at <https://www.goodenergy.co.uk/investors/dividend-and-scrip-information/>.

To participate in the scrip dividend scheme for the 2023 final dividend, shareholders who have not yet lodged election forms must do so by 5pm on 21 June 2024. Shareholders need not take any further action if they have already elected to participate in the scrip dividend scheme or receive their dividend in cash and would like to continue to do so.

The reference price of the scrip shares in respect of the dividend will be calculated and published on or around 13 June 2024.
