Powerhouse Energy Group Plc
(the "Company" or "PHE")
Directorate Update

Powerhouse Energy Group Plc (AIM: PHE), a company pioneering integrated technology that converts non-recyclable waste into low carbon energy, is pleased to announce that David Hitchcock, Acting Non-Executive Chairman, has been appointed full time Non-Executive Chairman with immediate effect.

Paul Emmitt, Chief Executive Officer, commented:

"The Board are delighted that David has accepted the offer to become full-time Chairman. We look forward to continuing to work with him and benefitting from his expertise in what we believe will be an exciting year ahead for the Company."

About Powerhouse Energy Group plc

Powerhouse Energy has developed a process technology which can utilise waste plastic, end-of-life-tyres, and other waste streams to convert them efficiently and economically into syngas from which valuable products such as chemical precursors, hydrogen, electricity, heat and other industrial products may be derived.

Powerhouse Energy's process produces low levels of safe residues and requires a small operating footprint, making it suitable for deployment at enterprise and community level.

Powerhouse Energy Group also incorporates Engsolve Ltd, who offer Engineering Services across all sectors with speciality services in the development of new technologies and clean energy.

Powerhouse Energy is quoted on the London Stock Exchange's AIM Market under the ticker: PHE and is incorporated in England and Wales.
