Directors' Interim Report

FIRST HALF

We are pleased to report a busy, but solid performance for the first half of the current financial year, in line with management expectations. Overall, Group revenue increased by 2% to £31.0 million (2023: £30.4 million). Our operating profits have been impacted by the initial investment and set-up costs required to get Dewhurst displays operational quickly in Singapore and decreased slightly by 7% to £3.7 million (2023: £4.0 million). However, it is pleasing to report that we are seeing steady growth in lift display sales and increased profitability, as customers deplete their Avire display inventory and start purchasing Dewhurst displays. Profit before tax decreased 3% to £3.9 million (2023: £4.0 million). Earnings per share improved 2% to 32.9p (2023: 32.1p). First half currency movements decreased Group revenue and profit by 4%.

Lift Division sales grew in most regions, led by a stronger performance in the UK, as well as growth resulting from new lift display sales mentioned above. There was a further modest recovery in Transport sales, although these continue to be volatile. Keypad Division sales continued to experience the low demand seen last year in the first quarter, but picked up in the second quarter.

The Group balance sheet remains strong with cash at the period end of £19.9 million (2023: £22.6 million). This is after paying £1.5 million to acquire the remaining 25% stake in P&R on 14 March 2024 as well as spending £1.8 million on a share buyback programme that ran throughout February and March 2024. These shares will be cancelled in early July when we are no longer in a close period.

OUTLOOK

In North America the market has softened this year, due to the effect of increases in interest rates on property investment. The impact of this will feed gradually into sales during the rest of the year. Orders in Australia have been healthy this year, which should generate sales growth in the second half. The UK should continue its encouraging performance, although the impact of the election is an uncertainty. On balance, we expect overall growth in the second half, although this will be dampened if the pound continues to strengthen in the rest of the year. As such, the Board is confident the Company is well positioned to achieve market expectations for FY24^[1].

DIMDENDS

The Directors have declared an increased interim dividend of 5.00p per ordinary share (2023: 4.75p) which amounts to £387,000 (2023: £384,000). The interim dividend is payable on 13 August 2024 and will be posted on 8 August 2024 to shareholders appearing in the Register on 19 July 2024 (ex-dividend date being 18 July 2024).

A final 2023 dividend of 11.00p (2022: 10.25p) which amounted to £882,000 (2022: £828,000) was approved at the AGM held on 20 February 2024 and was paid on 26 February 2024 to members on the register at 19 January 2024.
