**GM Launches Phase 2**

Cirata plc (LSE: CRTA) is pleased to announce that General Motors ('GM') is proceeding to phase 2 under the master license agreement announced by Cirata on 16 August 2023.

The August 2023 announcement saw GM commit to moving at least 3.3 petabytes of data with a contract value of over \$400,000 in phase 1.

Phase 2 includes a 4 petabyte data allowance, and accompanying maintenance and support services, with a contract value of \$490,733.

This phase will again be transacted on the Azure Marketplace. Cirata's ability to seamlessly deliver large-scale continuous data integration solutions and its go-to-market model with leading cloud service providers demonstrates the strategic value of its products to GM and was a central reason why GM decided to deepen its relationship with the Company.
