**II. Communication with Accounting Firm**

The financial data related to this preliminary results has not been audited by the accounting firm.

**III. Explanation for the Changes in Results**

During this reporting period, the market prices for lithium hexafluorophosphate and lithium carbonate, which are part of the company's lithium battery materials sector, exhibited relatively minor fluctuations. In contrast, during the same period of the previous year, there was a significant decrease in the market prices for these products and raw materials. This shift has resulted in the company's net profit, after the deduction of non-recurring gains and losses, reversing from a loss to a profit.

**IV. Other Relevant Explanation**

This preliminary result is based on the estimation of the Finance Department of the Company, and the specific financial data is subject to the 2024 interim report to be disclosed by the Company. Investors are kindly advised to make cautious decisions and pay attention to investment risks.
