

11 July 2024

**Mining Minerals & Metals Plc**  
**("MMM" or the "Company")**

**Approval and Publication of Prospectus**

Further to the Company's announcement of 5 July 2024, the Company confirms that a prospectus has been approved by the Financial Conduct Authority and published by the Company ("**Prospectus**") regarding the reverse takeover by Georgina Energy plc and a capital raise to raise gross proceeds of £5m.

The Prospectus has been published in connection with:

1. The proposed acquisition of Georgina Energy plc ("Proposed **Acquisition**") and raising gross proceeds of £5m ("**Placing**");
2. The Acquisition of Georgina Energy Plc is a reverse takeover under the Listing Rules;
3. The Proposed Acquisition and Placing is conditional on the passing of certain resolutions at a general meeting ("**Completion**"). Following Completion, the Company will seek the admission of an aggregate of 83,678,396 New Ordinary Shares to the Equity Shares (transition) category of the Official List pursuant to Chapter 22 of the UKLR and to trading on the London Stock Exchange ("**Admission**"). Following Admission, the Company will have an enlarged share capital of 90,088,396 ordinary shares.

The Prospectus has been filed with the Financial Conduct Authority. To view the full document, please follow the link below:

**Notes to Editors**

Georgina Energy aims to become a leading player in the global energy market and is focused on establishing itself among the top producers of helium and hydrogen worldwide. With a strategic approach and leveraging the experienced management team's expertise, Georgina Energy aims to capitalize on opportunities in these critical energy sectors.

The projects benefit from established infrastructure and a reliable supply chain, offering significant resource potential through low-risk, cost-effective drilling projects.

Georgina Energy has two principal onshore interests held through its wholly owned Australian subsidiary, Westmarket O&G. The first, the Hussar Prospect is located in the Officer Basin in Western Australia and Westmarket O&G holds a 100% working interest in the exploration permit. The second, the Mount Winter Prospect, is located in the Amadeus Basin in the Northern Territory, which Georgina Energy has a right to earn an initial 75 per cent. interest in (with the potential to reach 90 per cent.).

In line with market demand trends, Georgina Energy is well-positioned to capitalize on the growing gap between supply and demand for hydrogen and helium with the resource potential of Mount Winter and Hussar projects for their potential accumulations.
