About SkinBioTherapeutics plc

SkinBioTherapeutics is a life science company focused on skin health. The Company's proprietary platform technology, SkinBiotix®, is based upon discoveries made by the translational dermatology team at the University of Manchester.

The Company is targeting a number of skin healthcare sectors, the most advanced of which are cosmetic skincare and food supplements to modulate the immune system by harnessing the gut-skin axis. In each area SkinBioTherapeutics plans to exemplify its technology through human studies. The Company's first product, AxisBiotix-Ps™, a food supplement to address the symptoms of mild to moderate psoriasis.

The Company listed on AIM in April 2017 and is based in Newcastle, UK. For more information, visit: www.skinbiotherapeutics.com and www.axisbiotix.com.
