Celadon Pharmaceuticals Plc

("Celadon" or the "Company" or the "Group")

Third Admission of Shares

London, 15 July 2024 - Celadon Pharmaceuticals Plc (AIM: CEL), a UK-based pharmaceutical company focused on the development, production and sale of breakthrough cannabis-based medicines, is pleased to announce that further to the announcement on 10 May 2024, application for the admission of 238,095 new ordinary shares to trading on AIM (the "***Third Admission***") has been made. It is expected the shares will be admitted to trading on 19 July 2024.

The remaining 238,096 shares are due to be admitted in one further instalment on 12 August 2024.

The Company advises that on Admission the Company's issued share capital will consist of 66,220,807 Ordinary Shares, with one voting right each. The Company does not hold any shares in treasury. Therefore, the total number of Ordinary Shares and voting rights in the Company will be 66,220,807. This figure may be used by shareholders in the Company as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the share capital of the Company under the FCA's Disclosure Guidance and Transparency Rules.

About Celadon Pharmaceuticals Plc

Celadon Pharmaceuticals Plc is a UK based pharmaceutical company focused on the research, cultivation, manufacturing, and sale of breakthrough cannabis-based medicines. Its primary focus is on improving quality of life for chronic pain sufferers, as well as exploring the potential of cannabis-based medicines for other conditions such as autism. Its 100,000 sq. ft UK facility is EU-GMP approved and comprises indoor hydroponic cultivation, proprietary GMP extraction and manufacturing and an analytical and R&D laboratory. Celadon's Home Office licence allows for the commercial supply of its GMP pharmaceutical cannabis product. The Group owns an approved clinical trial using cannabis based medicinal products to treat chronic pain in the UK. Celadon also has a minority interest in early-stage biopharma Kingdom Therapeutics which is developing a licensed cannabinoid medicine to treat children with Autism Spectrum Disorder.
