**About Pinewood Technologies Group PLC:**

First established in 1981, Pinewood Technologies Group PLC (Pinewood) is a leading provider of Dealer Management System (DMS) software and services to automotive retailers. Pinewood's DMS is a market-leading solution, which has been developed collaboratively with dealers and OEMs to provide secure cloud-based software across sales, aftersales, accounting and CRM. Headquartered in the UK, Pinewood has a team of over 200 people serving over 30,000 global users and long-standing partnerships with over 50 OEM brands.

Previously part of Pendragon PLC, in 2024 Pinewood became an independent entity following the sale of Pendragon's UK Motor and Leasing divisions to Lithia Motors Inc, one of the largest automotive retailers in North America. Pinewood simultaneously signed a strategic partnership with Lithia to roll out its software across Lithia's UK locations and form a joint venture to co-develop capabilities and accelerate Pinewood's entry into the North American market.
