About 1Spatial plc

1Spatial plc is a global leader in providing Location Master Data Management (LMDM) software, solutions and business applications, primarily to the Government, Utilities and Transport sectors via the 1Spatial platform. Our solutions ensure data governance, facilitating the efficient, effective and sustainable operation of customers around the world. Our global clients include national mapping and land management agencies, utility companies, transportation organisations, government and defence departments.

Today, when using and sharing trusted data provides significant opportunities for businesses and governments to deliver against important sustainability and Net Zero goals, our vision is clear - to make the world safer, smarter and more sustainable by unlocking the value in data, enabling better decisions and greater insights.

The 1Spatial platform is a comprehensive set of data and system agnostic LMDM software components which helps ensure master data is compliant, current, complete, consistent, and coordinated - and that customers can be confident it will remain that way as it evolves. It allows them to master their data on any device, anywhere, anytime and can be deployed as SaaS in the cloud, on-premise, or as a hybrid of both.

Our domain expertise and data agnostic approach allows us to be an integral and important part of the Geospatial Ecosystem, supporting the wider digital economy. We partner with major technology consultancies and GIS providers such as ESRI and bring together our people, innovative solutions, industry knowledge and experience from our extensive customer base to deliver world class solutions.

1Spatial plc is AIM-listed, headquartered in Cambridge, UK, with operations in the UK, Ireland, USA, France, Belgium, Tunisia, and Australia.
