### About Celebrus Technologies plc

As a disruptive data technology platform, Celebrus is focused on improving the relationships between brands and consumers via better data. Celebrus redefines what digital identity verification means to power both next-level marketing and fraud prevention use cases. Deployed across 30+ countries throughout the financial services, healthcare, retail, travel, and telecommunications sectors, Celebrus automatically captures, contextualizes, and activates consumer behavioral data in live-time across all digital channels. Through the addition of behavioral biometrics and AI, Celebrus empowers brands to detect and prevent fraud before it occurs. To ensure that brands can begin to improve those relationships quickly, Celebrus Cloud activates the Celebrus platform efficiently for brands in a single-tenant, private cloud implementation.

The Group has offices in the UK, USA, and India with key talent in all markets to drive the growth of the business. Celebrus is fully compliant with all major data privacy regulations and the Group is accredited to ISO27001: Information Security Management.
