August 8, 2024

Burford Capital Reports Second Quarter 2024 Results

Burford Capital Limited ("Burford"), the leading global finance and asset management firm focused on law, today announces its unaudited financial results at and for the three and six months ended June 30, 2024.

In addition, Burford has made available an accompanying three and six months ended June 30, 2024 results presentation and capital provision-direct and capital provision-indirect asset data tables on its website at http://investors.burfordcapital.com and at http://www.rns-pdf.londonstockexchange.com/rns/7270Z 1-2024-8-8.pdf.

Christopher Bogart, Chief Executive Officer of Burford Capital, commented:

"Burford had a strong second quarter, with Burford-only total revenues up 217% and capital provision income up 237% over the comparable period in 2023. A series of case wins underline the lack of correlation between Burford's cash flows and markets or the economy and demonstrate continued progression in our \$7.4 billion Group-wide total portfolio. New business was also active with new commitments above our recent quarterly average. As we've signaled, overall year-to-date results can't compare with last year given the unrealized gains from the 2023 YPF win, but year-to-date net *realized* gains on our core portfolio were up 36%. After a typically sleepy first quarter, we are very pleased with the performance of the business in the second quarter and in the first half of 2024."

Consolidated financial results

Summary statements of operations

Group-wide (non-GAAP) (\$ in thousands)	June 30, 2024	December 31, 2023	% change
Total portfolio	7,383,303	7,170,308	3%

- Net realized gains in YTD24 up 36% to \$128 million (YTD23: \$94 million), reflecting multiple case wins and higher returns with a ROIC of 146% on realizations for fully and partially concluded assets in YTD24
 - Net realized gains in YTD24 comprised \$151 million of gross realized gains (YTD23: \$120 million) offset by \$23 million of gross realized losses (YTD23: \$25 million)
- Realizations in YTD24 of \$216 million (YTD23: \$195 million)
 - Highest first half since 2020 with realizations diversified across vintage years as Covid-19 pandemic backlog continues to clear in tandem with newer case resolutions
 - During YTD24, eight different assets generated more than \$10 million of realizations each, with three of those delivering \$25 million or more each
- Cash receipts in YTD24 of \$245 million (YTD23: \$247 million)
 - Cash generation has been consistent with quarterly receipts near or exceeding \$100 million in each of the last eight quarters
- Deployments in YTD24 of \$191 million (YTD23: \$248 million)
 - Deployments in 2Q24 of \$132 million exceeded their trailing eight-quarter average by 25% and were 2.2x the level of deployments in 1Q24
 - Definitive undrawn commitments to Burford-only capital provision assetsrepresenting non-discretionary future deployments-were up 16% in YTD24 to \$675 million at June 30, 2024 (December 31, 2023: \$580 million)
- Burford-only capital provision-direct new commitments in YTD24 of \$343 million (YTD23: \$431 million) were well diversified across patent, US commercial, EMEA and arbitration case types
 - o New commitments in 2024 of \$260 million (2023: \$330 million) exceeded their trailing eightquarter average by 43% Absence in 2024 of Fortune 50 company portfolio new commitment of \$190 million in 2023
 - impacted period-on-period comparisons

Burford-only (non-GAAP) (\$ in thousands, except per share data)	June 30, 2024		December 31, 2023		\$change	% change
Tangible book value attributable to Burford Capital Limited		2,169,230		2,156,893	12,337	1%

- Total revenues in 2Q24 of \$137 million (2Q23: \$43 million), driven by significantly higher capital provision income of \$119 million (2Q23: \$35 million) and with no individual asset having a significant impact on quarterly performance
 - Total revenues in YTD24 were \$169 million (YTD23: \$382 million) with the prior year benefiting from the substantial positive impact of significant YPF-related capital provision income
- Operating income in 2Q23 of \$100 million (2Q23: operating loss of \$0.3 million) and \$102 million in YTD24 (YTD23: \$284 million), with the decrease in YTD24 attributable principally to the decrease in total revenues discussed above
 - Total reported operating expenses down sharply in YTD24, with 2Q24 down 14% to \$37 million (2Q23: \$44 million) and YTD24 down 31% to \$67 million (YTD23: \$98 million), reflecting the variable impact of accruals for unrealized gains and movements in Burford's share price on a period-to-period basis
 - Year-over-year variation of reported operating expenses does not correlate to significant changes in cash operating expense levels, which remain largely consistent

- Burford-only cash and cash equivalents and marketable securities of \$443 million at June 30, 2024 (December 31, 2023: \$303 million)
 - Robust liquidity position at June 30, 2024 augmented by \$245 million of Burfordonly cash receipts in YTD24 and \$275 million add-on offering to 2031 senior notes in January 2024
- Burford-only due from settlement of capital provision assets of \$200 million at June 30, 2024 (December 31, 2023: \$185 million), with 43% of December 31, 2023 balance collected in YTD24
- Total debt outstanding of \$1.8 billion at June 30, 2024 (December 31, 2023: \$1.6 billion)
 Leverage remains well below covenant ceiling levels
- Declared interim dividend of 6.25¢ per ordinary share payable on December 5, 2024 to shareholders of record on November 1, 2024

Change in independent auditors

As previously announced in a report on Form 6-K furnished to the US Securities and Exchange Commission on July 9, 2024, Ernst & Young LLP ("E&Y") was dismissed as Burford's independent registered public accounting firm effective immediately following the issuance of Burford's consolidated financial statements for the three and six months ended June 30, 2024. KPMG LLP ("KPMG") will

replace E&Y as Burford's independent registered public accounting firm and will review Burford's consolidated financial statements for the three and nine months ending September 30, 2024 and will audit Burford's consolidated financial statements for the fiscal year ending December 31, 2024. KPMG's appointment is subject to the ratification of Burford's shareholders at an extraordinary general meeting to be held on August 20, 2024.

In accordance with Guernsey law, E&Y has deposited with Burford a statement confirming there are no matters to be brought to the attention of Burford's members or creditors.

Adoption of US Rule 10b5-1 executive share liquidity plans

A feature of the US public markets is a well-established and widely used approach for corporate executives to obtain some liquidity from their shareholdings as part of their personal financial planning. As part of its acquisition of full US domestic issuer status, Burford is joining typical US public company practice (including, we believe, the clear majority of S&P 500 companies) in permitting the use by its executives of plans that pre-set such transactions in the future, known as "Rule 10b5-1 trading plans" after the SEC rule that provides for such plans. To be clear, the adoption and use of Rule 10b5-1 plans does not alter a company's commitment to its executives being meaningfully exposed to its equity nor does it affect Burford's minimum share ownership policy for its executives; rather, Rule 10b5-1 plans provide a vehicle for enabling some liquidity in an orderly manner that removes executives from short-term trading decisions and the potential for market signaling.

The Rule 10b5-1 plans will be administered by Merrill Lynch and operate as follows, consistent with the requirements of Rule 10b5-1 and the usual design of such plans. During any open period (which typically occurs following the release of each quarter's earnings), an executive may choose to adopt the Rule 10b5-1 plan by authorizing the sale of a certain amount of the executive's holdings in Burford's ordinary shares over the forthcoming year. Those sales are then managed by Merrill Lynch according to pre-set parameters set forth in the Rule 10b5-1 plan; the executive has no involvement in the trading process. No sales occur during what is known as a "cooling-off period," which is typically 90-120 days under the relevant rules after adopting the Rule 10b5-1 plan.

Over the course of the next year, Burford expects that four of its executives (its CEO, CIO and co-COOs) will adopt and make use of the Rule 10b5-1 plans in connection with nominal levels of their Burford's ordinary shares. Burford expects that those executives will also continue to amass additional ordinary shares of Burford as an integral part of their compensation plans.

Investor and analyst conference call

Burford will hold a conference call for investors and analysts at 10.00am EDT / 3.00pm BST on Thursday, August 8, 2024. The dial-in numbers for the conference call are +1 (646) 307-1963 (USA) or +1 (800) 715-9871 (USA & Canada toll free) / +44 (0)20 3481 4247 (UK) or +44 800 260 6466 (UK toll free) and the access code is 36518. To minimize the risk of delayed access, participants are urged to dial into the conference call by 9.40am EDT / 2.40pm BST.

A live webcast of the call will also be available at https://events.q4inc.com/attendee/572051862, and pre-registration at that link is encouraged.

An accompanying 2Q24 and 6M24 results presentation for investors and analysts will also be made available on Burford's website prior to the conference call at http://investors.burfordcapital.com.

Following the conference call, a replay facility for this event will be accessible through the webcast at https://events.q4inc.com/attendee/572051862.

Definitions and use of non-GAAP financial measures and alternative performance measures

Burford reports its consolidated financial results in accordance with US GAAP. US GAAP requires us to present financial statements that consolidate some of the limited partner interests in private funds we manage as well as assets held on our balance sheet where we have a partner or minority investor. We therefore refer to various presentations of our consolidated financial results as follows:

- Consolidated refers to assets, liabilities and activities that include those third-party interests, partially owned subsidiaries and special purpose vehicles that we are required to consolidate under US GAAP. At the date of this announcement, the major entities where there is also a third-party partner in, or owner of, those entities include Burford Opportunity Fund C LP, Burford Advantage Master Fund LP, Colorado Investments Limited ("Colorado") and several other entities in which Burford holds investments where there is also a third-party partner in, or owner of, those entities.
- Burford-only refers to assets, liabilities and activities that pertain only to Burford on a
 proprietary basis, excluding any third-party interests and the portions of jointly owned
 entities owned by others.
- Group-wide refers to the totality of assets managed by Burford, including those portions of the private funds owned by third parties and including private funds that are not consolidated within Burford's consolidated financial statements. Group-wide is therefore the sum of Burford-only and non-controlling interests in consolidated and non-consolidated private funds. Group-wide does not include third-party interests in capital provision assets, the economics of which have been sold to those third parties, which do not meet the criteria to be recognized as a sale under US GAAP. This includes the third-party interests in Colorado and other capital provision asset subparticipations.

We subdivide our capital provision assets into two categories:

- *Direct*, which includes all of our capital provision assets that we have originated directly (*i.e.*, not through participation in a private fund) from our balance sheet. We also include direct (*i.e.*, not through participation in a private fund) complex strategies assets in this category.
- Indirect, which includes our balance sheet's participations in one of our private funds (i.e., Burford Advantage Master Fund LP).

We also use certain unaudited alternative performance measures, including:

- Internal rate of return ("IRR") is a discount rate that makes the net present value of a series
 of cash flows equal to zero and is expressed as a percentage figure. We compute IRR on
 concluded (including partially concluded) legal finance assets by treating that entire portfolio
 (or, when noted, a subset thereof) as one undifferentiated pool of capital and measuring
 actual and, if necessary, estimated inflows and outflows from that pool, allocating costs
 appropriately. IRRs do not include unrealized gains or losses.
- Return on invested capital ("ROIC") from a concluded asset is the absolute amount of realizations from such asset in excess of the amount of expenditure incurred in financing such asset divided by the amount of expenditure incurred, expressed as a percentage figure. ROIC is a measure of our ability to generate absolute returns on our assets. Some industry participants express returns on a multiple of invested capital ("MOIC") instead of a ROIC basis. MOIC includes the return of capital and, therefore, is 1x higher than ROIC. In other words, 70% ROIC is the same as 1.70x MOIC.

- Commitment is the amount of financing we agree to provide for a legal finance asset.
 Commitments can be definitive (requiring us to provide financing on a schedule or, more often, when certain expenses are incurred) or discretionary (allowing us to provide financing after reviewing and approving a future matter). Unless otherwise indicated, commitments include deployed cost and undrawn commitments.
- Deployment refers to the financing provided for an asset, which adds to our deployed cost in such asset.
- Deployed cost is the amount of financing we have provided for an asset at the applicable point in time
- Fair value adjustment is the amount of unrealized gain or loss recognized in our consolidated statements of operations in the relevant period and added to or subtracted from, as applicable, the asset or liability value in our consolidated statements of financial position.
- Portfolio includes deployed cost, net unrealized gains or losses and undrawn commitments.
- Realization: A legal finance asset is realized when the asset is concluded (i.e., when litigation
 risk has been resolved). A realization will result in us receiving cash or, occasionally, non-cash
 assets, or recognizing a due from settlement receivable, reflecting what we are owed on the
 asset.

- Realized gain / loss reflects the total amount of gain or loss, relative to cost, generated by a legal finance asset when it is realized, calculated as realized proceeds less deployed cost, without regard for any previously recognized fair value adjustment.
- Unrealized gain / loss represents the fair value of our legal finance assets over or under their deployed cost, as determined in accordance with the requirements of the applicable US GAAP standards, for the relevant financial reporting period (consolidated statements of operations) or cumulatively (consolidated statements of financial position).
- YPF-related assets refers to our Petersen and Eton Park legal finance assets, which are two claims relating to the Republic of Argentina's nationalization of YPF S.A., the Argentine energy company.

We also use certain non-GAAP financial measures, including:

- Book value per ordinary share is calculated by dividing total Burford Capital Limited equity by the number of ordinary shares issued and outstanding.
- Cash receipts represent cash generated during the reporting period from our capital provision assets, asset management income and certain other items, before any deployments into financing existing or new assets. Cash receipts are a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is proceeds from capital provision assets as set forth in our consolidated statements of cash flows. We believe that cash receipts are an important measure of our operating and financial performance and are useful to management and investors when assessing the performance of our Burford-only capital provision assets.
- Tangible book value attributable to Burford Capital Limited is calculated by subtracting intangible assets (such as goodwill) from total Burford Capital Limited equity. Tangible book value attributable to Burford Capital Limited per ordinary share is calculated by dividing tangible book value attributable to Burford Capital Limited by the total number of outstanding ordinary shares. Each of tangible book value attributable to Burford Capital Limited per ordinary share is a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is total Burford Capital Limited equity as set forth in our consolidated statements of financial position. We believe that tangible book value attributable to Burford Capital Limited per ordinary share is an important measure of our financial condition and is useful to management and investors when assessing capital adequacy and our ability to generate earnings on tangible equity invested by our shareholders.

Non-GAAP financial measures should not be considered in isolation from, as substitutes for, or superior to, financial measures calculated in accordance with US GAAP.

This announcement does not constitute an offer to sell or the solicitation of an offer to buy any ordinary shares or other securities of Burford.

This announcement does not constitute an offer of any Burford private fund. Burford Capital Investment Management LLC, which acts as the fund manager of all Burford private funds, is registered as an investment adviser with the US Securities and Exchange Commission. The information provided in this announcement is for informational purposes only. Past performance is not indicative of future results. The information contained in this announcement is not, and should not be construed as, an offer to sell or the solicitation of an offer to buy any securities (including, without limitation, interests or shares in any of Burford private funds). Any such offer or solicitation may be made only by means of a final confidential private placement memorandum and other offering documents.

Forward-looking statements

This announcement contains "forward-looking statements" within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended, regarding assumptions, expectations, projections, intentions and beliefs about future events. These statements are intended as "forward-looking statements". In some cases, predictive, future-tense or forward-looking words such as "aim", "anticipate", "believe", "continue", "could", "estimate", "expect", "forecast", "guidance", "intend", "may", "plan", "potential", "predict", "projected", "should" or "will" or the negative of such terms or other comparable terminology are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. In addition, Burford and its representatives may from time to time make other oral or written statements that are forward-looking, including in its periodic reports that Burford files with, or furnishes to, the US Securities and Exchange Commission, other information made available to Burford's security holders and other written materials. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. Burford cautions that forward-looking statements are not guarantees of future performance and are based on numerous assumptions, expectations, projections, intentions and beliefs and that Burford's actual results of operations, including its financial position and liquidity, and the development of the industry

in which it operates, may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements contained in this announcement. Significant factors that may cause actual results to differ from those Burford expects include, among others, those discussed under "Risk Factors" in Burford's annual report on Form 20-F for the year ended December 31, 2023 filed with the US Securities and Exchange Commission on March 28, 2024 and other reports or documents that Burford files with, or furnishes to, the US Securities and Exchange Commission from time to time. In addition, even if Burford's results of operations, including its financial position and liquidity, and the development of the industry in which it operates are consistent with the forward-looking statements contained in this announcement, those results of operations or developments may not be indicative of results of operations or developments in subsequent periods.

Except as required by applicable law, Burford undertakes no obligation to update or revise the forward-looking statements contained in this announcement, whether as a result of new information, future events or otherwise.
