BEXIMCO PHARMACEUTICALS LIMITED

Statement on current political and business situation in Bangladesh

Beximco Pharmaceuticals Limited ("Beximco Pharma", "BPL" or "the Company"; AIM Symbol: BXP, LEI No.: 213800IMBBD6TIOQGB56), the fast-growing manufacturer of generic pharmaceutical products and active pharmaceutical ingredients, provides a statement following continued reports of civil unrest across Bangladesh and the appointment of an interim government.

The Company can confirm that, to date, there has been no significant damage to its manufacturing and distribution facilities. However, disruption in various parts of the country means that, in the interests of employee safety and welfare, distribution has been reduced - but this is now returning to normal levels. The interim government of Bangladesh has indicated that it intends to address any ongoing unrest as a priority and we expect to be able to resume normal distribution in the coming days. We do not currently expect this disruption to have a material impact on our financial expectations for the year. Further announcements will be made as appropriate.
