**Notes to Editors:**

Transense is a developer of specialist sensor technology and measurement systems. The Company has two active business divisions:

- Translogik a range of smart, connected tyre inspection and management equipment, used by leading tyre manufacturers, dealers and fleet operators to reduce costs and improve safety; and

- SAWsense, developing Surface Acoustic Wave (SAW) sensor technology, to improve performance, reliability and efficiency in focus markets of aerospace, automotive, robotics and industrial machinery.

In addition, the Company earns residual royalty income from Bridgestone iTrack, a tyre condition and performance monitoring system that was developed by Translogik and subsequently licensed to Bridgestone Corporation for a ten-year period in 2020, expiring in 2030.

The Group's strategy is to maximise shareholder value through the delivery of sustained revenue growth from its business divisions by leveraging excellence in innovation and know-how to commercialise technologies through industry partnerships and exposure to global growth markets.

Transense is headquartered in Oxfordshire, UK, and was admitted to trading on AIM, a market operated by the London Stock Exchange (AIM: TRT), in 1999. Further information at: [www.transense.com](http://www.transense.com)
