**About Brave Bison**

Brave Bison (AIM: BBSN) is a digital advertising and technology services company, headquartered in London with a globally distributed workforce in over ten countries. The Company provides services to global brand advertisers through four business units.

Brave Bison Performance is a paid and organic media practice. It plans and buys digital media on platforms like Google, Meta, TikTok, Amazon and YouTube, as well as providing search engine optimisation and digital PR services. Customers include New Balance, Curry's and Asus.

SocialChain is a social media advertising practice. It creates content for social media platforms, and works with influencers to create and distribute content. This creative approach ensures that content is more native to the platform it is on, leading to higher engagements from its audience. Customers include Holland & Barrett, The Army and General Mills.

Brave Bison Commerce is a digital commerce practice. It creates, improves and maintains transactional websites and manages the customer experience in a digital environment. This practice builds ecommerce systems in a composable way - whereby different functions of a website are provided by different software from different vendors. Customers include Furniture Village, Fiskars and Winparts.

Brave Bison Media Network is a portfolio of channels across YouTube, Facebook, Snapchat, TikTok and Instagram. These channels generate over 1 billion monthly views, and the advertising inventory from each channel is sold through online advertising exchanges.
