

11th September 2024

Microlise Group plc
("Microlise", the "Company" or the "Group")

Contract Wins and Notice of Results

Microlise Group plc (AIM: SAAS), a leading provider of SaaS-based transport technology solutions to fleet operators, is pleased to announce the signing of new and enlarged contracts with Goldstar, One Stop, and Romac, collectively representing a total contract value of over £2m.

Furthermore, the Group will announce its Interim Results for the six months ended 30 June 2024 on Tuesday 24 September 2024.

CONTRACT WINS

Goldstar Heathrow

Microlise has signed an expanded contract with long-standing client, Goldstar Heathrow, a prominent haulage and warehousing provider operating across major UK airports. The new 5-year contract will now see Microlise's solutions implemented across Goldstar's entire fleet of 170 vehicles, including vans. In addition, Goldstar will introduce new Microlise products including Journey Management, TruAnalysis, TruLicence, TruChecks, TruFleet, and TruWorkshop to its existing Fleet Performance and Real-Time Data (RTD) solution.

This comprehensive suite of solutions is designed to integrate and streamline compliance operations, enhance driver debrief processes, and improve overall operational efficiency. Goldstar is the first Microlise customer to utilise Microlise's Transport Management System ("TMS"), acquired as part of ESS, and Trutac solutions concurrently.

One Stop

Microlise has signed a 5-year contract with One Stop, a prominent retail convenience business operating over 1,000 stores across England and Wales. One Stop is a subsidiary of Tesco which is an existing long-standing client of Microlise. .

This new partnership demonstrates the value Microlise's product suite offers to the Tesco Group and marks a significant advancement in the efficiency, sustainability, and customer service of One Stop's logistics operations. Microlise's technology is expected to deliver significant benefits to One Stop, including a notable reduction in CO2 emissions per year.

Romac

Microlise has signed a 5-year contract with Romac, a leading provider of third-party logistics services specialising in temperature-controlled transport and warehouse (cold chain) solutions. Microlise will provide Romac with Microlise's comprehensive end-to-end TMS solution, to integrate with Romac's Warehouse Management System. The solution will support Romac's continuing rapid growth, with a national network of 11 depots, while maintaining lean and efficient processes.

Nadeem Raza, CEO of Microlise, commented: "These new contracts with Goldstar, One Stop, and Romac are a clear reflection of our commitment to delivering cutting-edge solutions that meet the evolving needs of our customers. We are proud to deepen our partnerships with these industry leaders, providing them with the tools to enhance operational efficiency, drive sustainability, and support their growth ambitions. Our ability to integrate and customise our technology across diverse fleets and complex operations underscores Microlise's position as a trusted partner in the transport and logistics sector."

NOTICE OF RESULTS

The Group will announce its Interim Results for the six months ended 30 June 2024 on Tuesday 24 September 2024

the Group will announce its interim results for the six months ended 30 June 2024 on Tuesday 24 September 2024.
