ASIAMET RESOURCES LIMITED

Retail Offer

Asiamet Resources Limited ("**Asiamet**" or the "**Company**") is pleased to announce a retail offer via BookBuild (the "**Retail Offer**") of new common shares of US 0.01 each ("**Common Shares**") in the capital of the Company (the "**Retail Offer Shares**") at an issue price of US 0.01 (0.77 pence) per share (the "**Issue Price**"), to raise up to US 0.783 million (£0.6 million).

Following the successful completion of the US 3.0 million subscription with its major shareholder, PT Delta Dunia Makmur Tbk. ("**DOID**") and the US 0.295 million subscription by certain members of the Board and management team (together, the "**Subscription**"), the Company is now offering retail investors the opportunity to participate in a fundraising on the same terms.

Use of Proceeds

The net proceeds of the Retail Offer, together with the net proceeds from the Subscription, will be utilised to deliver the final optimisation milestones for the BKM copper project with a particular focus on significantly reducing the project's construction capital costs prior to project financing. Optimisation is targeting a US 50-80 million reduction in up front capital from the US 235.4 million reported in the 2023 Feasibility Study, with approximately US 26 million of reductions already identified.

Importantly completion of this work will enable the Company to progress project financing to an advanced stage with a lead bank, fully define secondary financing options, such as offtake financing, and delineate project level equity requirements with interested parties.

Strategic Timing and Copper Market Thematic

Asiamet is ideally positioned to capitalise on the growing demand for copper, with the copper market forecast to face a supply side deficit as the global push towards renewable energy sources accelerates. Copper is critical to this energy transition, and the Company's progress on the BKM copper project comes at a time of strong market fundamentals.

Substantial news flow is expected over the ensuing six months with project financing being key to unlocking value for the Company.

Near-Term News Flow

Investors can expect the following key milestones in the near term:

- **Q4 2024:** Completion of optimisation work with updated detailed engineering.
- **Q1 2025:** Project financing materially advanced with first phase credit approval and advanced discussions ongoing with project execution partners.
- **Early Works:** Early construction activities, including road access upgrades and camp construction, will begin following project financing.
- **First Copper Production:** The project remains on track to deliver first copper by **2027**, with further updates to follow.

In addition to the Retail Offer, the Company announced on 15 October 2024 the Subscription, comprising the issue of 329,550,000 new Common Shares at the Issue Price to raise gross proceeds of approximately US 3.295 million.

The Retail Offer is not part of the Subscription. Completion of the Subscription is not conditional on the completion of the Retail Offer. Completion of the Retail Offer is conditional, *inter alia*, upon completion of the Subscription.

The Retail Offer is conditional upon the Retail Offer Shares being admitted to trading on the AIM market of the London Stock Exchange plc, for which application will be made in due course once the Retail Offer has closed.

Retail Offer via BookBuild Platform

The Company values its retail shareholder base and believes that it is appropriate to provide both new and existing retail investors in the United Kingdom the opportunity to participate in the Retail Offer.

The Company is therefore making the Retail Offer open to eligible investors in the United Kingdom through certain financial intermediaries, brokers or wealth managers ("**Intermediary**") which will be listed, subject to certain access restrictions, on the following website: <https://www.bookbuild.live/deals/61GNJQ/authorised-intermediaries>

A UK investment bank will be acting as retail offer coordinator in relation to the Retail Offer (the "**Retail Offer Coordinator**").

Eligible investors can contact an Intermediary to participate in the Retail Offer. In order to participate in the Retail Offer, each Intermediary must be on-boarded onto the BookBuild Platform and agree to the final terms and the retail offer terms and conditions, which regulate, *inter alia*, the conduct of the Retail Offer on market standard terms and provide for the payment of commission to any Intermediary that elects to receive a commission and/or fee (to the extent permitted by the Handbook Rules of the FCA) from the Retail Offer Coordinator (on behalf of the Company).

Any expenses incurred by any Intermediary are for its own account. Investors should confirm separately with any Intermediary whether there are any commissions, fees or expenses that will be applied by such Intermediary in connection with any application made through that Intermediary pursuant to the Retail Offer.

The Retail Offer will open to eligible investors in the United Kingdom following release of this announcement. The Retail Offer is expected to close at **4:00 p.m. on 17 October 2024**. Investors should note that Intermediaries may have earlier closing times. The Retail Offer may close early if it is oversubscribed.

If any Intermediary has any questions about how to participate in the Retail Offer on behalf of eligible investors, please contact BookBuild at support@bookbuild.live.

To be eligible to participate in the Retail Offer, applicants must meet the following criteria before they can submit an order for Retail Offer Shares: (i) be a customer of one of the participating

they can submit an order for Retail Offer Shares, (i) be a customer of one of the participating Intermediaries listed on the above website; and (ii) be resident in the United Kingdom.

The Company reserves the right to scale back any order under the Retail Offer at its discretion. The Company reserves the right to reject any application for subscription under the Retail Offer without giving any reason for such rejection.

It is vital to note that once an application for Retail Offer Shares has been made and accepted via an Intermediary, it cannot be withdrawn.

The Retail Offer Shares will, when issued, be credited as fully paid and will rank *pari passu* in all respects with existing Common Shares including the right to receive all dividends and other distributions declared, made or paid after their date of issue.

The Retail Offer is an offer to subscribe for transferable securities, the terms of which ensure that the Company is exempt from the requirement to issue a prospectus under Regulation (EU) 2017/1129 as it forms part of United Kingdom domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Prospectus Regulation**"). It is a term of the Retail Offer that the total value of the Retail Offer Shares available for subscription at the Issue Price does not exceed £1 million (or the equivalent in Euros) and therefore the exemption from the requirement to publish a prospectus, set out in section 86(1)I and 86(4) of FSMA, will apply.

The Retail Offer is not being made into any jurisdiction other than the United Kingdom.

No offering document, prospectus or admission document has been or will be prepared or submitted to be approved by the FCA (or any other authority) in relation to the Retail Offer, and investors' commitments will be made solely on the basis of the information contained in this announcement and information that has been published by or on behalf of the Company prior to the date of this announcement by notification to a Regulatory Information Service in accordance with the FCA's Disclosure Guidance and Transparency Rules and MAR.

There is a minimum subscription of £100 per eligible investor under the terms of the Retail Offer. There is no maximum application amount per eligible investor under the terms of the Retail Offer, though note the total size of the Retail Offer (as referenced above) and the discretion the Company has to scale back applications. The terms and conditions on which eligible investors subscribe will be provided by the relevant Intermediaries including relevant commission or fee charges.

Investors should make their own investigations into the merits of an investment in the Company. Nothing in this announcement amounts to a recommendation to invest in the Company or amounts to investment, taxation or legal advice.

It should be noted that a subscription for Retail Offer Shares and investment in the Company carries a number of risks, including the risk that investors may lose their entire investment. Investors should take independent advice from a person experienced in advising on investment in securities such as the Retail Offer Shares if they are in any doubt.

An investment in the Company will place capital at risk. The value of investments, and any income, can go down as well as up, so investors could get back less than the amount invested.

Neither past performance nor any forecasts should be considered a reliable indicator of future results. AIM has been in existence since June 1995 but its future success and liquidity in the market for the Company's shares cannot be guaranteed.

This announcement should be read in its entirety. In particular, the information in the "Important Notices" section of the announcement should be read and understood.

Information to Distributors

UK Product Governance Requirements

Solely for the purposes of the product governance requirements of Chapter 3 of the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Requirements**"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the UK MiFIR Product Governance Requirements) may otherwise have with respect thereto, the Retail Shares have been subject to a product approval process, which has determined that the Retail Offer Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in paragraphs 3.5 and 3.6 of COBS; and (ii) eligible for distribution through all permitted distribution channels (the "**Target Market Assessment**"). Notwithstanding the Target Market Assessment, distributors should note that: the price of the Retail Offer Shares may decline and investors could lose all or part of their investment; the Retail Offer Shares offer no guaranteed income and no capital protection; and an investment in the Retail Offer Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to any contractual, legal or regulatory selling restrictions in relation to the Retail Offer.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of COBS; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Retail Offer Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Retail Offer Shares and determining appropriate distribution channels.

EU Product Governance Requirements

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("**MiFID II**"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "**MiFID II Product Governance Requirements**"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Retail Shares have been subject to a product approval process, which has determined that the Retail Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "**EU Target Market Assessment**"). Notwithstanding the EU Target Market Assessment, distributors should note that: the price of the Retail Shares may decline and investors could lose all or part of their investment; the Retail Shares offer no guaranteed income and no capital protection; and an investment in the Retail Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The EU Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Retail Offer.

For the avoidance of doubt, the EU Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or

appropriateness for the purposes of article 19, or (e) a recommendation to any investor or group of investors to invest in, or purchase or take any other action whatsoever with respect to the Retail Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Retail Shares and determining appropriate distribution channels.
