

**30 October 2024**

**CleanTech Lithium PLC ("CleanTech Lithium" or the "Company")  
Notice of Annual General Meeting**

CleanTech Lithium PLC (AIM:CTL, Frankfurt:T2N, OTC:CTLHF), exploration and development company advancing sustainable lithium projects in Chile, will hold its Annual General Meeting ("AGM") at the offices of the Company at de Carteret House, 7 Castle Street, St Helier JE2 3BT on 26 November 2024 at 11:00AM GMT.

As well as the normal business conducted at the AGM, the Board is proposing to:

- renew the share authorities previously granted in connection with the ASX Listing;
- amend the articles of association in connection with the ASX Listing; and
- consolidate the Company's ordinary share capital so that every two existing Ordinary Shares of £0.01 each are consolidated into one Ordinary Shares of £0.02 each (the "New Ordinary Shares") to meet ASX listing requirements.

The detailed reasons for and background to the resolutions are set out in a Circular which contains the notice of AGM. The Circular will shortly be available on the Company's website <https://ctlithium.com/investors/circulars-documents/>. A letter notifying Shareholders of the availability of the Circular on the Company's website will be dispatched to Shareholders later today.

**Recommendation**

The Directors consider all of the proposals to be considered at the AGM (including the share consolidation) to be in the best interests of the Company and its Shareholders as a whole and accordingly unanimously recommend that Shareholders vote in favour of the resolutions to be proposed at the AGM, as they together with senior management intend to do in respect of their aggregate holdings of 13,141,932 existing Ordinary Shares representing 7.83 per cent. of the Company's existing share capital.

#### Notes

CleanTech Lithium (AIM:CTL, Frankfurt:T2N, OTCQX:CTLHF) is an exploration and development company advancing lithium projects in Chile for the clean energy transition. Committed to net-zero, CleanTech Lithium's mission is to become a new supplier of battery grade lithium using Direct Lithium Extraction technology powered by renewable energy.

CleanTech Lithium has two key lithium projects in Chile, Laguna Verde and Viento Andino, and exploration stage projects in Llamara and Arenas Blancas (Salar de Atacama), located in the lithium triangle, a leading centre for battery grade lithium production. The two most advanced projects: Laguna Verde and Viento Andino are situated within basins controlled by the Company, which affords significant potential development and operational advantages. All four projects have good access to existing infrastructure.

CleanTech Lithium is committed to utilising Direct Lithium Extraction with reinjection of spent brine resulting in no aquifer depletion. Direct Lithium Extraction is a transformative technology which removes lithium from brine with higher recoveries, short development lead times and no extensive evaporation pond construction.
