

**GCP Asset Backed Income Fund Limited**

**("GABI" or the "Company")**

**LEI: 213800FBBZCQMP73A815**

**Dividend Declaration & Second Compulsory Redemption**

**6 November 2024**

**Dividend Declaration**

The Board of GABI, which invests in asset backed loans, is pleased to announce a quarterly dividend in respect of the period from 1 July 2024 to 30 September 2024 of 1.58125 pence per ordinary share (the "Q3 Dividend").

The ordinary shares will go ex-dividend on 14 November 2024 and will be paid on 13 December 2024 to holders of ordinary shares recorded on the register as at close of business on 15 November 2024.

**Second Compulsory Redemption**

On 18 October 2024, the Company announced its intention to make a second capital distribution totalling (after expenses) at least £45.0 million to the Company's shareholders by way of a compulsory partial redemption of ordinary shares at a price equal to the latest NAV per share, being the net asset value per ordinary share at 30 June 2024 of 90.92 pence, less dividends declared between the date of the announcement, 18 October 2024, and the record date of the redemption (the "Second Compulsory Redemption").

The Board confirms that the Second Compulsory Redemption will total £45.0 million at a price of 89.33875 pence per share. The amount applied to the Second Compulsory Redemption is after the deduction of costs and expenses which are expected to be c. £45,000.

The Second Compulsory Redemption will be effected pro rata to holdings on the share register as at the close of business on 15 November 2024 (the "Redemption Date"), being the record date for the Second Compulsory Redemption, by applying a redemption ratio which is currently anticipated to be 18.95%. (the "Redemption Ratio"). For the avoidance of doubt, shareholders will receive payment of the Q3 Dividend on their pre-redemption shareholding.

Fractions of ordinary shares produced by the Redemption Ratio will not be redeemed, so the number of ordinary shares to be compulsorily redeemed from each shareholder will be rounded down to the nearest whole number of ordinary shares. In the event that the Company receives any additional loan repayments in the period between the date of this announcement and the Redemption Date, the Board may determine to increase the size of the Second Compulsory Redemption (and, accordingly, the Redemption Ratio). Any such amendment will be announced by the Company at the appropriate time, if applicable. On the basis of a Redemption Ratio of 18.95%, approximately 50.4 million of the Company's issued shares will be redeemed on the Redemption Date.

Payments of redemption monies are expected to be effected either through CREST (in the case of ordinary shares held in uncertificated form) or by cheque (in the case of ordinary shares held in certificated form) by 29 November 2024. Any certificates currently in circulation will be superseded by a new certificate which will be distributed to certificated shareholders by 29 November 2024.

The Company currently has 266,016,390 ordinary shares in issue. All of the ordinary shares redeemed on the Redemption Date will be cancelled and accordingly will thereafter be incapable of transfer by shareholders or reissue by the Company.

The Company's ordinary shares will be disabled in CREST after close of business on the Redemption Date and the existing ISIN number, JE00BMFX6989, (the "Old ISIN") will expire. A new ISIN number, JE00BSY6HT75, (the "New ISIN") in respect of the remaining shares which have not been compulsorily redeemed will be enabled and available for transactions from 8.00 a.m. on 18 November 2024. The share price TIDM, "GABI.L", will remain unchanged. For the period up to and including the Redemption Date, shares will be traded under the Old ISIN and as such, a purchaser of such shares may have a market claim for a proportion of the redemption proceeds following the activation of the New ISIN. CREST will automatically transfer any open transactions as at the Redemption Date to the New ISIN.

**Alex Ohlsson, Chairman, commented:**

*"We are pleased to declare a second capital distribution of £45.0 million reflecting our objective to return capital to shareholders in a timely manner while managing the orderly wind down of the existing portfolio. The two distributions to date resulting in just under 50% of shares being redeemed and £188.1 million being returned to shareholders mark considerable*

*progress in meeting this objective."*
