Burford Capital Reports Third Quarter 2024 Results

Burford Capital Limited ("Burford"), the leading global finance and asset management firm focused on law, today announces its unaudited financial results at and for the three and nine months ended September 30, 2024.

In addition, Burford has made available an accompanying three and nine months ended September 30, 2024 results presentation on its website at <http://investors.burfordcapital.com> and at http://www.ms-pdf.londonstockexchange.com/ms/3692L_1-2024-11-7.pdf.

Christopher Bogart, Chief Executive Officer of Burford Capital, commented:

"We are having a great year as we enjoy the long-awaited momentum in the portfolio. We have generated 556 million in Burford-only cash receipts YTD24 and 310 million just in 3Q24, setting new records. Our core portfolio net realized gains are already in line with the previous annual peak, with 184 million in YTD24 up 49% from YTD23, and 56 million in 3Q24, around twice the level of the 2023 and 2022 third quarters. Net realized gains in YTD24 reflect a ROIC of 94% on realizations which remains above our historical track record. We reported Burford-only net income attributable to shareholders of 136 million in 3Q24 and grew tangible book value to more than 10 per share for the first time. And despite the team being focused on the very active portfolio, new commitments are up substantially in 3Q24 over 3Q23."

- Realizations in YTD24 of 216 million (YTD23: 195 million)
- Realizations are on a record annual pace in 2024
 - Core portfolio realizations of 380 million in YTD24 up 39% compared to YTD23 and diversified across 40 assets
 - We continue to see progress in clearing the pandemic-driven backlog with about half of the capital provision assets generating realizations in YTD24 being from 2020 and prior vintages
 - During YTD24, 10 assets have each generated more than 10 million in realizations, with five of those assets each delivering 20 million or more
- Net realized gains through 3Q24 are already near record annual levels
 - Core portfolio net realized gains of 184 million in YTD24 up 49% compared to YTD23, already in line with the previous annual peak of 186 million achieved in the full year 2023
 - YTD24 net realized gains reflect a ROIC of 94% on YTD24 realizations which remains above our historical track record
- Record cash generation underscores portfolio progress and healthy liquidity
 - Cash receipts of 310 million in 3Q24 and 556 million in YTD24 driven by realizations, collection of receivables and asset management income
- New business remains solid
 - Core portfolio new commitments of 443 million and deployments of 263 million in YTD24 remain on a consistent pace even as substantial portfolio activity places demands on team resources
 - Definitive undrawn commitments of 727 million at September 30, 2024 up 25% in YTD24 and support deployment activity looking forward

Definitions and use of non-GAAP financial measures and alternative performance measures

Burford reports its consolidated financial results in accordance with US GAAP. US GAAP requires us to present financial statements that consolidate some of the limited partner interests in private funds we manage as well as assets held on our balance sheet where we have a partner or minority investor. We therefore refer to various presentations of our consolidated financial results as follows:

- *Consolidated* refers to assets, liabilities and activities that include those third-party interests, partially owned subsidiaries and special purpose vehicles that we are required to consolidate under US GAAP. At the date of this announcement, the major entities where there is also a third-party partner in, or owner of, those entities include Burford Opportunity Fund C LP, Burford Advantage Master Fund LP, Colorado Investments Limited ("Colorado") and several other entities in which Burford holds investments where there is also a third-party partner in, or owner of, those entities.
- *Burford-only* refers to assets, liabilities and activities that pertain only to Burford on a proprietary basis, excluding any third-party interests and the portions of jointly owned entities owned by others.
- *Group-wide* refers to the totality of assets managed by Burford, including those portions of the private funds owned by third parties and including private funds that are not consolidated within Burford's consolidated financial statements. Group-wide is therefore the sum of Burford-only and non-controlling interests in consolidated and non-consolidated private funds. Group-wide does not include third-party interests in capital provision assets, the economics of which have been sold to those third parties, which do not meet the criteria to be recognized

as a sale under US GAAP. This includes the third-party interests in Colorado and other capital provision asset subparticipations.

We subdivide our capital provision assets into two categories:

- *Direct*, which includes all of our capital provision assets that we have originated directly (*i.e.*, not through participation in a private fund) from our balance sheet. We also include direct (*i.e.*, not through participation in a private fund) complex strategies assets in this category.
- *Indirect*, which includes our balance sheet's participations in one of our private funds (*i.e.*, Burford Advantage Master Fund LP).

We also use certain unaudited alternative performance measures, including:

- *Internal rate of return* ("IRR") is a discount rate that makes the net present value of a series of cash flows equal to zero and is expressed as a percentage figure. We compute IRR on concluded (including partially concluded) legal finance assets by treating that entire portfolio (or, when noted, a subset thereof) as one undifferentiated pool of capital and measuring actual and, if necessary, estimated inflows and outflows from that pool, allocating costs appropriately. IRRs do not include unrealized gains or losses.
- *Return on invested capital* ("ROIC") from a concluded asset is the absolute amount of realizations from such asset in excess of the amount of expenditure incurred in financing such asset divided by the amount of expenditure incurred, expressed as a percentage figure. ROIC is a measure of our ability to generate absolute returns on our assets. Some industry participants express returns on a multiple of invested capital ("MOIC") instead of a ROIC basis. MOIC includes the return of capital and, therefore, is 1x higher than ROIC. In other words, 70% ROIC is the same as 1.70x MOIC.

Other unaudited alternative performance measures and terms we use include:

- *Commitment* is the amount of financing we agree to provide for a legal finance asset. Commitments can be definitive (requiring us to provide financing on a schedule or, more often, when certain expenses are incurred) or discretionary (allowing us to provide financing after reviewing and approving a future matter). Unless otherwise indicated, commitments include deployed cost and undrawn commitments.
- *Deployment* refers to the financing provided for an asset, which adds to our deployed cost in such asset.
- *Deployed cost* is the amount of financing we have provided for an asset at the applicable point in time.
- *Fair value adjustment* is the amount of unrealized gain or loss recognized in our consolidated statements of operations in the relevant period and added to or subtracted from, as applicable, the asset or liability value in our consolidated statements of financial position.
- *Portfolio* includes deployed cost, net unrealized gains or losses and undrawn commitments.
- *Realization*: A legal finance asset is realized when the asset is concluded (*i.e.*, when litigation risk has been resolved). A realization will result in us receiving cash or, occasionally, non-cash assets, or recognizing a due from settlement receivable, reflecting what we are owed on the asset.
- *Realized gain / loss* reflects the total amount of gain or loss, relative to cost, generated by a legal finance asset when it is realized, calculated as realized proceeds less deployed cost, without regard for any previously recognized fair value adjustment.
- *Unrealized gain / loss* represents the fair value of our legal finance assets over or under their deployed cost, as determined in accordance with the requirements of the applicable US GAAP standards, for the relevant financial reporting period (consolidated statements of operations) or cumulatively (consolidated statements of financial position).
- *YPF-related assets* refers to our Petersen and Eton Park legal finance assets, which are two claims relating to the Republic of Argentina's nationalization of YPF S.A., the Argentine energy company.

We also use certain non-GAAP financial measures, including:

- *Book value per ordinary share* is calculated by dividing total Burford Capital Limited equity by the number of ordinary shares issued and outstanding.
- *Cash receipts* represent cash generated during the reporting period from our capital provision assets, asset management income and certain other items, before any deployments into financing existing or new assets. Cash receipts are a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is proceeds from capital provision assets as set forth in our consolidated statements of cash flows. We believe that cash receipts are an important measure of our operating and financial performance and are useful to management and investors when assessing the performance of our Burford-only capital provision assets.

- *tangible book value attributable to Burford Capital Limited* is calculated by subtracting intangible assets (such as goodwill) from total Burford Capital Limited equity. *Tangible book value attributable to Burford Capital Limited per ordinary share* is calculated by dividing tangible book value attributable to Burford Capital Limited by the total number of outstanding ordinary shares. Each of tangible book value attributable to Burford Capital Limited and tangible book value attributable to Burford Capital Limited per ordinary share is a non-GAAP financial measure and should not be considered in isolation from, as a substitute for, or superior to, financial measures calculated in accordance with US GAAP. The most directly comparable measure calculated in accordance with US GAAP is total Burford Capital Limited equity as set forth in our consolidated statements of financial position. We believe that tangible book value attributable to Burford Capital Limited per ordinary share is an important measure of our financial condition and is useful to management and investors when assessing capital adequacy and our ability to generate earnings on tangible equity invested by our shareholders.

Non-GAAP financial measures should not be considered in isolation from, as substitutes for, or superior to, financial measures calculated in accordance with US GAAP.

This announcement does not constitute an offer to sell or the solicitation of an offer to buy any ordinary shares or other securities of Burford.

This announcement does not constitute an offer of any Burford private fund. Burford Capital Investment Management LLC, which acts as the fund manager of all Burford private funds, is registered as an investment adviser with the US Securities and Exchange Commission. The information provided in this announcement is for informational purposes only. Past performance is not indicative of future results. The information contained in this announcement is not, and should not be construed as, an offer to sell or the solicitation of an offer to buy any securities (including, without limitation, interests or shares in any of Burford private funds). Any such offer or solicitation may be made only by means of a final confidential private placement memorandum and other offering documents.

Forward-looking statements

This announcement contains "forward-looking statements" within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended, regarding assumptions, expectations, projections, intentions and beliefs about future events. These statements are intended as "forward-looking statements". In some cases, predictive, future-tense or forward-looking words such as "aim", "anticipate", "believe", "continue", "could", "estimate", "expect", "forecast", "guidance", "intend", "may", "plan", "potential", "predict", "projected", "should" or "will" or the negative of such terms or other comparable terminology are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. In addition, Burford and its representatives may from time to time make other oral or written statements that are forward-looking, including in its periodic reports that Burford files with, or furnishes to, the US Securities and Exchange Commission, other information made available to Burford's security holders and other written materials. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. Burford cautions that forward-looking statements are not guarantees of future performance and are based on numerous assumptions, expectations, projections, intentions and beliefs and that Burford's actual results of operations, including its financial position and liquidity, and the development of the industry in which it operates, may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements contained in this announcement. Significant factors that may cause actual results to differ from those Burford expects include, among others, those discussed under "Risk Factors" in Burford's annual report on Form 20-F for the year ended December 31, 2023 filed with the US Securities and Exchange Commission on March 28, 2024 and other reports or documents that Burford files with, or furnishes to, the US Securities and Exchange Commission from time to time. In addition, even if Burford's results of operations, including its financial position and liquidity, and the development of the industry in which it operates are consistent with the forward-looking statements contained in this announcement, those results of operations or developments may not be indicative of results of operations or developments in subsequent periods.

Except as required by applicable law Burford undertakes no obligation to update or revise the forward-looking statements contained in this announcement, whether as a result of new information, future events or otherwise.
