Notes for Editors

Castings PLC is a leading iron casting and machining group based in the UK, supplying both the domestic and export markets. It has gross foundry capacity of 70,000 tonnes p.a. and is highly invested with the latest automation technologies. This enables high mix production of low volume parts on a just in time basis to provide a competitive edge. Castings has long-term relationships with the major OEMs in its core European heavy truck market and their platforms typically last over 10 years in production. In addition to the commercial vehicle sector, Castings PLC also supplies the wind power, agriculture, rail and material handling markets. www.castings.plc.uk
