About Oxford Metrics

Oxford Metrics is a smart sensing and software company that enables the interface between the real world and its virtual twin. Our smart sensing technology helps over 10,000 customers in more than 70 countries, including all of the world's top 10 games companies and all of the top 20 universities worldwide. Founded in 1984, we started our journey in healthcare, expanded into entertainment, winning an OSCAR® and an Emmy®, moved into defence, engineering and smart manufacturing. We have a strong track record of creating value by incubating, growing and then augmenting through acquisition, unique technology businesses.

The Group trades through its market-leading division Vicon, Industrial Vision Systems, and recently acquired, The Sempre Group. [Vicon](#) is a world leader in motion measurement analysis to thousands of customers worldwide, including Red Bull, Imperial College London, Dreamscape Immersive, Industrial Light & Magic, and NASA. [Industrial Vision Systems](#) is a specialist in machine vision software and technology for high precision, automated quality control systems trusted by blue-chip, smart manufacturing companies across the globe including BD, DePuy, Jaguar Land Rover, Johnson & Johnson, Zytronic and Alkegen. [Sempre](#) is a measurement specialist solving manufacturing challenges across multiple industries. Through their expert in-house consultants and partnerships with over 25 well-known manufacturers including Jenoptik, Renishaw and Micro-Vu, Sempre offers an extensive range of products and software to customers in aerospace, automotive, medical, energy and precision engineering.

The Group is headquartered in Oxford with offices in the United Kingdom, United States and Germany. Since 2001, Oxford Metrics (LSE: OMG), has been a quoted company listed on AIM, a market operated by the London Stock Exchange.
