About De La Rue

Established 211 years ago, De La Rue is trusted by governments, central banks, and international brands, providing digital and physical solutions that protect their supply chains and cash cycles from counterfeiting and illicit trade.

With operations in five continents, customers in 140 countries and solutions that include advanced track and trace software, security document design, banknotes, brand protection labels, tax stamps, security features and passport bio-data pages, De La Rue brings unparalleled knowledge and expertise to its partnerships and projects.

Our focus areas are:

- Currency: designing and manufacturing highly secure banknotes and banknote components that are optimised for security, manufacturability, cash cycle efficacy and public engagement.
- Authentication: leveraging advanced digital software solutions and security labels to protect revenues and reputations from the impacts of illicit trade, counterfeiting, and identity theft. On 15 October 2024, De La Rue announced the proposed sale of Authentication to Crane NXT for £300m.

The security and trust derived from our solutions pave the way for robust economies and flourishing societies. This is underpinned by a significant Environmental, Social, and Governance commitment that is evidenced by accolades such as the ISO 14001 certification and a consistent ranking in the top tier of the Financial Times European Climate Leaders list.
