

9 January 2025

The Renewables Infrastructure Group Limited

"TRIG" or "the Company", a London-listed investment company advised by InfraRed Capital Partners ("InfraRed") as Investment Manager and Renewable Energy Systems ("RES") as Operations Manager.

Notice of Annual Results

TRIG advises that it plans to announce its Full Year Results for the year ended 31 December 2024 on Tuesday, 25 February 2025.

There will be a results presentation for analysts and institutional investors at 09:30 on the day. This will be a hybrid event with an in-person presentation at InfraRed's offices (Level 7, One Bartholomew Close, London, EC1A 7HH) and the option to watch the presentation remotely via livestream. A recording of the event will be uploaded to the TRIG website shortly thereafter.

In-person registration will begin at 09:00 (UK time). The presentation will start at 09:30 (UK time), followed by a Q&A session.

To register to attend in person please email triginfo@ircp.com stating your organisation. Alternatively, to register virtual attendance, please use the webcast link provided: https://brmedia.news/TRIG_FY_24

Notes

The Company

The Renewables Infrastructure Group ("TRIG" or the "Company") is a leading London-listed renewable energy infrastructure investment company. The Company seeks to provide shareholders with an attractive long-term, income-based return with a positive correlation to inflation by focusing on strong cash generation across a diversified portfolio of predominantly operating projects.

TRIG is invested in a portfolio of wind, solar and battery storage projects across six markets in Europe with aggregate net generating capacity of 2.7GW; enough renewable power for 1.8 million homes and to avoid 2.2 million tonnes of carbon emissions per annum.

Further details can be found on TRIG's website at www.trig-ltd.com.

Investment Manager

InfraRed Capital Partners is an international infrastructure asset manager, with more than 160 professionals operating worldwide from offices in London, Madrid, New York, Sydney and Seoul. Over the past 25 years, InfraRed has established itself as a highly successful developer and steward of infrastructure assets that play a vital role in supporting communities. InfraRed manages US 13bn of equity capital¹ for investors around the globe, in listed and private funds across both core and value-add strategies.

A long-term sustainability-led mindset is integral to how InfraRed operates as it aims to achieve lasting, positive impacts and deliver on its vision of Creating Better Futures. InfraRed is a signatory of the Principles of Responsible Investment (PRI)², a member of the Net Zero Asset Manager's Initiative, and is a TCFD supporter.

InfraRed is part of SLC Management, the institutional alternatives and traditional asset management business of Sun Life. InfraRed represents the infrastructure equity arm of SLC Management, which also incorporates BGO, a global real estate investment management adviser, and Crescent Capital, a global alternative credit investment asset manager.

For more information, please visit www.ircp.com.

¹ Uses 5-year average FX as at 30th June 2024 of GBP/USD of 1.2821; EUR/USD 1.1141. EUM is USD 12.741m.

² Information on the Principles for Responsible Investment ("PRI") ratings are available at <https://www.unpri.org/about-the-pri>

Operations Manager

TRIG's Operations Manager is RES ("Renewable Energy Systems"). RES is the world's largest independent renewable energy company, working across 24 countries and active in wind, solar, energy storage, biomass, hydro, green hydrogen, transmission, and distribution. An industry innovator for over 40 years, RES has delivered more than 24GW of renewable energy projects across the globe and plans to bring more than 22GW of new capacity online in the next five years.

As a service provider, RES has the skills and experience in asset management, operations and maintenance (O&M), and spare parts - supporting 41GW of renewable assets across 1,300 sites. RES brings to the market a range of purposeful, practical technology-based products and digital solutions designed to maximise investment and deployment of renewable energy. RES is the power behind a clean energy future where everyone has access to affordable zero carbon energy bringing together global experience, passion, and the innovation of its 4,500 people to transform the way energy is generated, stored and supplied.
