### **About SELP**

The SEGRO European Logistics Partnership (SELP) was created in October 2013 as a 50:50 joint venture between SEGRO and PSP Investments, the Canadian pension fund. At its inception, the portfolio injected by SEGRO comprised approximately €1 billion of grade A standing logistics investments and development land. The objective of the venture was to create a leading Continental European logistics platform, initially focused on six geographies, namely France, Germany, Poland, Czech Republic, Belgium and Netherlands.

Since then, SELP has also invested in big box warehouses in Italy and Spain and a combination of acquisitions, development and capital value growth means that, at 31 December 2023, the portfolio was valued at €6.7 billion and generated €342 million of annualised headline rent across 5.8 million square metres of lettable area.

SEGRO acts as asset, property and development manager for SELP.
